

08-20355

Dear Judge Briendine,

My husband passed away in '05'. But before he died he set up an IRA for me to live on. Because of this money being caught up in bankruptcy, I only have my social security to live on. I'm 78 years old, and I'm too old to have to worry about where my money is going to come from to pay my bills from month to month.

It is in your power on how long these blood-sucking lawyers are allowed to drag this bankruptcy out. You know the sinful amount they are charging and how much of my money they're going to get. So I beg of you to stop this bankruptcy and anything left right now be given to us, as bond holders. I have enough hardships as it is ,and I've already suffered over a year now, trying to make ends meet. Please, please stop this now.

Sincerely,

Doris McKinney
