RE: Greater Southeast Community Hospital Corp. I, et al.
United States Bankruptcy Court
District of Columbia
Chapter 11
Case No.: 02-2550 (SMT)

Dear Gentlemen:

Please be advised this office represents The Metropolitan Washington Orthopaedic Association, Chartered 1975 ("MWOA"), a creditor of Greater Southeast Community Hospital Corporation.

Our client has received the Notice of Assumption or Rejection of Executory Contracts and Unexspired Leases filed in these proceedings and, as required, is filing this objection to the cure amount stated for its specifically assumed contract.

Please note that there are two (2) components to our client's claim.

MWOA did agree to compromise its initial claim filed in these proceedings, in the original amount of $57,333.46, and, in fact, our client agrees that the sum owed to MWOA with respect to such claim, as of the date of its Proof of Claim, is $0.

However, MWOA has been providing its orthopaedic and sub-specialty services, including emergency room services, to and for D.C. Alliance patients at D.C. General Hospital, Greater Southeast Community Hospital and Hadley Hospital, for an agreed fee of $140,000.00, per month, for the period from January 1, 2004 to date.

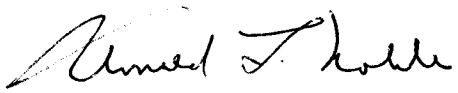
In consideration of such agreement, MWOA assigned all its service fees to the debtors for billing and collection and provided a staff member to assist the debtors in the presentation and submission of the necessary forms for payment.

To date, MWOA has been paid the sum of $46,000 toward the $900,000 owed it, leaving a balance due MWOA, as of May 31, 2004, of $854,000.

Our client welcomes the opportunity to resolve its claim with the Reorganized Debtors and is available at your convenience to establish the appropriate cure amount and the mechanism for its payment.

We respectfully request that you accept this letter on behalf of The Metropolitan Washington Orthopaedic Association, Chartered 1975 as its written objection/claim/motion pursuant to the foregoing Notice dated May 11, 2004.

Very truly yours,



Donald L. Noble
