RESPONSE TO TWA INC. POST-CONFIRMATION ESTATE'S SECOND OMNIBUS OBJECTION TO CLAIMS

1. Claimant's name is "Cedar Rapids Airport Commission." The basis for the amount of the claim is unpaid rent, landing fees and other expenses incurred pre-petition in the amount of $220,433.04. The Claimant and Trans World Airlines, Inc. were parties to that certain "Signatory Airline Use and Lease Agreement" dated on or about May 1, 1997.

2. On or about April 9, 2001, one or more of the Debtors assumed and assigned this executory contract or unexpired lease. The Debtors and the Claimant agreed as to the Total Cure Costs in the amount of $348, 820.06. The Total Cure Costs included the amounts that are the subject of this Claim. The Total Cure Costs were paid in full on or about October 9, 2001. The cure amount has been satisfied. It is Claimant's information and belief that the assumption and assignment of this executory contract or unexpired lease was approved by this Court during the previous proceedings.

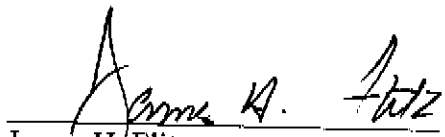
3. Claimant objects to the Estate's objection to the extent is characterizes the claim as being "Paid" as that category is defined in the Estate's Objection. That objection constitutes a mistake in fact.

4. Claimant would have no objection to its claim being objected to as being a "Cured Executory Contract Claim" as those claims are described by the Estate's Objection.

5. The Estate should serve any reply to this response to the undersigned, at the address indicated hereinbelow. Attorney James H. Flitz is the Claimant's legal representative.

WHEREFORE, the Cedar Rapids Airport Commission respectfully requests that the Estate's Objection to its claim as it presently exists be denied in its entirety.

Respectfully submitted,



James H. Flitz
