Re: ATA AIRLINES, INC.,
Case Number: 08-03675-BHL-11

Dear Sirs:

I am writing regarding the claim I filed on June 13, 2008, ***ATA Claim Number 1902.*** . I am contesting the objection to the priority of the claim that my family and I filed in court dated June 13, 2008.I am requesting the court to please put my claim in the proper priority and not at a place where I would not be heard at all. I am at a lost with the basis of the objection since I used the forms they have provided on their website and as for supporting documents, I don't understand what other proofs I could submit. I have attached all the correspondences from ATA airlines and proofs of the airline tickets purchase and all expenses incurred as a result of my tickets not being honored by the airlines. It was the most unfortunate incident and experience that my family had to endure getting stuck at the airport for one whole day and not be able to make arrangements for tickets to go back since everybody is fighting for same tickets at exorbitant prices form other airlines. It was a highway robbery as we were taken hostages by these airlines and nobody seemed to care. What if I didn't have any credit card to secure our flights back and to make arrangements for a week of extended stay due to unavailability of flights from other airlines. The letter did not elaborate on what the correct forms are and as to what proofs are needed. If they tell me specifically what additional proofs and forms are needed, I will be able to provide those with no problem. The requirements are vague. I am still paying my credit card company and I could now see that the debtor is trying very hard not to help ordinary people like us.

If you could advise us on what else is needed for the airline to acknowledge the damages and inconvenience they caused me and my family, I would be more than willing to provide it to them.

In closing, I do acknowledge the duplicate claim (Claim No. 1893) being expunged since it was such.

Sincerely,

Diana Ayson Fitzsimmons
