24 47. Plaintiff is informed and believes, and thereupon alleges, that Defendant
25 BANK OF THE WEST was the construction lender on the Work of Improvement and, on

10 **SEVENTH CAUSE OF ACTION**

11 **(For Conversion Against Defendants G COMPANIES, JAMES GIANULIAS,**
12 **DAVID GIANULIAS, MAFFEI and DOES 1 through 30, Inclusive)**

13 49. Plaintiff realleges and incorporates herein by reference each and every
14 allegation contained in the above paragraphs as though fully set forth herein.

15 50. Plaintiff has a right to possession of a portion of the construction funds in
16 the amount of \$1,661,723.13 for the services, labor, supervision, equipment, permits,
17 licenses, insurance, transportation, supplies, and materials furnished and performed by
18 Plaintiff to Defendants pursuant to the terms of the Subcontract, and which Defendants
19 agreed to pay.

20 51. Defendants, and each of them, interfered with Plaintiff's right to possession
21 of this property by failing to pay to Plaintiff the amount of \$1,661,723.13 owed pursuant
22 to the terms of the Subcontract.

23 52. Defendants' interference of Plaintiff's right to possession of this property
24 was knowing and/or intentional which caused Plaintiff harm in that Plaintiff is yet to be
25 paid fully for the services, labor, supervision, equipment, permits, licenses, insurance,
26 transportation, supplies, and materials furnished and performed by Plaintiff at the Work
27 of Improvement.
28

1 53. The taking and conversion of the construction funds by Defendants was
2 done willfully and maliciously, with a reckless disregard for the rights and interests of
3 Plaintiff. After demand was made upon Defendants for payments of the amounts
4 outstanding from the construction funds, Defendants willfully and maliciously refused to
5 remit payment to Plaintiff. For such willful and malicious acts on the part of Defendants,
6 and each of them, Plaintiff seeks exemplary damages in addition to its actual damages, to
7 conform to proof at trial.

8 54. In addition, for the foregoing reasons, a constructive trust should be
9 imposed upon the property Defendants wrongfully hold, including the diverted,
10 misappropriated and converted construction funds in the amount of \$1,661,723.13, plus
11 interest at the legal rate of ten percent (10%) in favor of Plaintiff.

18 56. Plaintiff is informed and believes, and based thereon alleges, that
19 Defendants, and each of them, obtained a loan for the purpose of funding the construction
20 of the Subject Work of Improvement. Plaintiff entered into the Subject Subcontract to
21 provide services, labor, supervision, equipment, permits, licenses, insurance,
22 transportation, supplies, and materials at the Subject Work of Improvement in reliance
23 upon and in exchange for payment of its costs as agreed in the Subject Subcontract.
24 Plaintiff is informed and believes, and based thereon alleges, that Plaintiff was to be paid
25 out of the construction loan obtained by Defendants, and each of them.

26 57. Plaintiff is informed and believes, and based thereon alleges, that
27 Defendants, and each of them, used the construction funds for purposes other than
28 payment of the outstanding amount owed to Plaintiff for the services, labor, supervision,

1 equipment, permits, licenses, insurance, transportation, supplies, and materials Plaintiff
2 provided at the Work of Improvement. Due to this misappropriation of construction
3 funds, Plaintiff sustained damages in the amount of \$1,661,723.13, for labor and
4 materials provided by Plaintiff at Defendants' special insistence and request, and for
5 which it has not been paid.

RECITAL

Contractor proposes to construct, develop and/or subdivide a tract of land (the "Project") commonly known as Village Walk/Murrieta 453, County of Riverside, State of California (the "Property"). The construction of the Project is to be in strict accordance with the provisions and requirements set forth in the plans, specifications, and any other document listed in Schedule B attached hereto; all of these documents are on file and available during business hours for inspection and review at Contractor's principal office. Such documents are herein designated as the "Contract Documents" and are incorporated herein by this reference. These Contract Documents are intended to complement and supplement each other, and work described in one document but not in another shall nonetheless be executed as if such were described in all documents. Inasmuch as various Contract Documents have been approved and comply with County, City and financial institution requirements, it is essential that Subcontractor proceed and perform his work in exact conformity with the applicable portions of the Contract Documents.

NOW THEREFORE, IT IS MUTUALLY AGREED BETWEEN THE PARTIES AS FOLLOWS:

1. **FINANCING CONDITION/TERMINATION FOR CONVENIENCE:** This Subcontract is subject to and contingent upon the Project's Owner(s) obtaining sufficient construction loans from time to time for the Project. Contractor may at any time, and for any reason, including the Project's Owner(s) inability to obtain sufficient construction loans for the Project, terminate the work and services of Subcontractor under this Subcontract for Contractor's convenience upon three (3) days written notice. Upon receipt of such notice, Subcontractor shall, unless otherwise directed, immediately discontinue the work and the placing of orders for materials in connection with the performance of this Subcontract, and shall thereafter do only such work as may be necessary to preserve and protect the work in progress. Upon such termination, Subcontractor shall be entitled to compensation and payment (a) for the percentage of the work completed in conformity with the Subcontract multiplied by the Contract Price, and (b) other costs actually incurred by Subcontractor for the performance of termination-related tasks as may be directed and approved by Contractor. There shall be deducted from such compensation the amount of any payments made to Subcontractor prior to the termination and any amounts chargeable to Subcontractor pursuant to any provision of the Subcontract. In the event of such termination and payment, Subcontractor shall not be entitled to any claim or claim of lien against Contractor or the Property for any additional compensation or damages.
2. **DOCUMENTS:** The Contract Documents describe the work to be performed by Subcontractor under this Subcontract, and Subcontractor shall be bound to Contractor in the same manner and to the same extent as Contractor is bound to the Owner under the Contract Documents. Subcontractor acknowledges that he has carefully examined and studied the Contract Documents in their entirety. Subcontractor further acknowledges that the work of the various subcontractors for the Project is interrelated, and Subcontractor fully understands the character of the work to be performed by him under the Contract Documents. Subcontractor has investigated the site and is satisfied as to the conditions to be encountered during his operations. Subcontractor shall not in any respect rely upon any representations to him by any person on behalf of the Contractor, but shall rely solely upon his own investigations. Commencing work shall indicate acceptance of conditions and surfaces underlying or adjacent to work of this Agreement.
3. **WORK COVERED:** Subcontractor agrees to perform in good and workmanlike manner, and to furnish to the Project all labor, materials (all materials shall be new unless otherwise specified by Contractor), supplies, equipment, services, machinery, tools and other facilities of every description required for the prompt and efficient execution of the work (the "Job") as outlined in Schedule A attached hereto. Subcontractor shall be obligated to perform the Job in strict compliance with the Contract Documents and the provisions of this Subcontract. It is agreed that all labor, materials and equipment furnished by Subcontractor that are properly and necessarily required to perform and provide a complete Job shall be deemed to be included within the Contract Price, even though all items of labor, materials and equipment may not specifically be mentioned in this Subcontract or the Contract Documents.
4. **CONTRACT PRICE:** For the strict (not substantial) performance by Subcontractor of all of its obligations hereunder, Contractor shall pay to Subcontractor the sum of **TWO MILLION EIGHT HUNDRED FORTY-FIVE THOUSAND FOUR HUNDRED NINETY-TWO AND 00/100 Dollars (\$2,845,492.00)** attached hereto, subject to additions and deductions as provided in this Subcontract.
5. **PAYMENT SCHEDULE:** So long as Subcontractor is not in default under any of the provisions of this Subcontract, periodic payments will be made for the work as it progresses in an amount equal to ninety percent (90%) of the value of the work and materials incorporated in the construction as estimated by the Contractor. The amount estimated will be determined by using unit price or prices specified in Schedule D attached hereto and shall be in accordance with the payment schedule set forth therein. With respect to the work covered by any request for a progress payment, Contractor shall not be obligated to make the progress payments to Subcontractor until Contractor has received:
 - (a) Inspections and approvals of Subcontractor's work hereunder, if required and available, from City, County and other public agencies;
 - (b) Waiver and lien releases, in a form satisfactory to Contractor, from Subcontractor, all sub-subcontractors, laborers, materialmen, trust funds, and other persons and entities who may be potential lien claimants against the Property, evidencing that all labor, materials, equipment, union benefits, payroll taxes and other similar items furnished in connection with the performance of the work under this Subcontract have been paid.Contractor may deduct from any amounts due or to become due to Subcontractor any sum or sums owing by Subcontractor to Contractor under this Agreement on account of any other obligation, liability or contract unrelated to this Agreement, and in the event of any breach by Subcontractor of any provision or obligation of this Agreement, or in the event of the assertion by other parties of any claim or lien against Contractor or the construction site arising out of Subcontractor's performance of this Agreement, Contractor shall have the right, but is not required, to retain out of any payments due or to become due to Subcontractor an amount sufficient to completely protect Contractor from any and all loss, damage, or expense therefrom until the situation has been remedied or adjusted by Subcontractor to the satisfaction of Contractor. If Contractor exercises this right in good faith, Subcontractor shall not be entitled to any interest whatsoever on the money so retained regardless of the outcome of any subsequent claim resolution or litigation.
