Hee Lee, MD, Chair
Department of Radiology
Greater Southeast Community Hospital
1310 Southern Avenue, S. E.
Washington, D. C. 20032

Dear Dr. Lee:

This is a follow-up to our discussion at 11:15 A.M. today. The discussion between you and I was in regard to radiology coverage. You stated that you are in current discussions with Administration. You stated you would not continue at Greater Southeast Community Hospital beginning Thursday, August 26, 2004, unless you were satisfied with the outcome of your discussion with Administration.

I informed you that I would attempt to obtain radiology coverage on that date if needed. This was due to the need to serve patients at the hospital. You stated you understood the need and that you felt you must do this for your group.

Please keep in touch with me if the situation changes.

Sincerely,

Cyril Allen, MD
Medical Director
