Personal property taxes are collected during the County Fiscal Year beginning July 1 and ending June 30. The taxpayer is liable for the full amount (except in certain transfer circumstances) of the tax billed, if the taxpayer operated the business on the January 1 immediately preceding the beginning of the Fiscal Year. The tax is based on an assessment certified to the County by the State Department of Assessments and Taxation. The assessment is derived from a personal property return that is due to be filed with the State Department of Assessments and Taxation on or before April 15 and which reports, as of January 1 immediately preceding the Fiscal Year, the value of your property. If a return is not filed, the value of your property is estimated.

If you have ceased operations or sold the business, you must report that action to the State Department of Assessments and Taxation. The transfer of a business (or substantially all of its assets) between January 1 and July 1 is subject to special statutory reporting requirements. Failure to make any required report will result in your continued liability to pay personal property taxes even if you no longer own the business and/or its assets.
