EXHIBIT A TO PROOF OF CLAIM
Bankruptcy Case Nos.: 09-37010-11 and 09-37016

Debtor, Erickson Construction, LLC ("Erickson"), contracted with Panther Corporation ("Panther") to provide plumbing and mechanical work to the Ashby Ponds Independent Living Buildings 1.1, 1.2 and 1.5 located in Ashburn, Virginia (collectively the "Ashburn Project"). (Attached hereto as exhibit 1 are copies of the Erickson-Panther contracts, which are incorporated herein by reference). Claimant, The Hanover Insurance Company ("Hanover"), issued two Payment Bonds (the "Bonds") naming Panther as the Contractor or Principal and Erickson as the Owner. (The Bonds are attached hereto as exhibit 2 and incorporated herein by reference). If a valid and proper claim is presented, these Bonds obligate Hanover to make payment if Panther fails to pay certain subcontractors or suppliers for work or materials provided to the Bonded projects.

In order to induce Hanover into issuing the Bonds, Panther executed an Agreement of Indemnity dated August 30, 2005 (the "Indemnity Agreement"). A copy of the Indemnity Agreement is attached hereto as exhibit 3 and incorporated herein by reference. The indemnity Agreement obligates Panther to exonerate, indemnify and save Hanover harmless:

2. The indemnitors shall exonerate, indemnify, and save harmless the Surety from and against every claim, demand, liability, cost, charge, suit, judgment and expense which the Surety may pay or incur, including, but not limited to, loss, interest, court costs and consultant and attorney fees:

- (a) by having executed or procured the execution of the bonds; or
- (b) in making an independent investigation of any claim, demand, or suite; or
- (c) in defending any suit, action, mediation, arbitration or any other proceeding to obtain release from liability whether the Surety, in its sole discretion, elects to employ its own attorney or permits or requires indemnitors to defend the Surety; or
- (d) in enforcing any of the covenants, terms and conditions of this agreement.

(See exhibit 3, ¶ 2 of the Indemnity Agreement).

Upon the occurrence of certain events, Panther (and the other indemnitors), assign certain rights to Hanover, including all rights and title to contracts and all monies retained, due, or due in the future on account of any contracts:

5. With respect to each bond executed by the Surety in connection with a contract, the Indemnitors hereby assign, transfer, convey and set over to the Surety;

(a) all right, title and interest of the Indemnitors in and to all tools, plants, equipment and materials of every nature and description that may now or hereafter be upon the site of the contracted work or elsewhere for the purpose of the contract; and

(b) all right, title and interest of the Indemnitors in and to the contract including all rights in and to all subcontracts or purchase orders let or to be let in connection therewith; and

(c) all monies retained, due or due in the future on account of any contract, whether bonded or unbounded, in which any or all the indemnitors have an interest; and

(d) all right, title and interest, or use of any license, patent, trademark or copyright held by Indemnitors in connecting with contracted work or required for the completion of any contract.

The assignments shall be effective as of the execution dates of the bonds, but only enforceable upon the occurrence of one or more of the events described in Paragraph 6(a-f).

(See exhibit 5, ¶ 2 of the Indemnity Agreement) (emphasis added).

Further, the Indemnity Agreement specifies the events that trigger Hanover's rights of assignment, including the failure of Panther to pay for any labor or material used in the prosecution of any bonded contract:

6. In the event the Indemnitors, or any one or more of them, shall: (a) whether actually or allegedly (as declared by the obligee or owner), delay, default, abandon, forfeit or breach any contract secured by a bond, or (b) fail, neglect, or refuse in any manner to timely pay for any labor or material used in the prosecution of any contract secured by a bond, or (c) change its character, identity, control, beneficial ownership, or existence, or (d) fail to perform, or comply with any of the terms, covenants, or obligations of this Agreement including, but not limited to, prompt payment of any amount due under this Agreement, or (e) make an assignment for the benefit of creditors, or have any proceedings instituted against them, or any one or more of them, alleging

insolvency or involving the appointment of a receiver or trustee whether such Indemnitor(s) is/are insolvent or not, or (f) have proceedings instituted against any of the Indemnitors which have the effect of depriving any of them of the use of any part of the equipment used in connecting with any contract work so as to hinder, delay, or impede the normal and satisfactory progress of the work, then the Surety, in its sole discretion, shall have the right, but not the obligation, to take possession of the work under the contract and any other contract, in connection with which the Surety has issued a bond or bond(s) and, at the expense of the Indemnitors, to complete, to arrange for completion, or to agree to the re-letting or completion by the obligee or owner of the contract work.

(See exhibit 3, ¶ 6 of the Indemnity Agreement).

The Indemnity Agreement also specifies that any contract funds, whether due or to become due, are held to be held in trust for the benefit, and completion, of all obligations incurred in completing the contracts:

7. The indemnitors covenant and agree that all funds due or to become due under any contract secured by a bond, whether in the possession of any Indemnitor or others, are held in trust for the benefit and payment of all obligations incurred in the completion of said contract for which the surety would be obligated under the bond. The trust shall inure for the benefit of the Surety for any liability or loss under any bond, and this agreement shall constitute notice of such trust.

(See exhibit 3, ¶ 7 of the Indemnity Agreement).

In connection with the Ashburn Project, Hajoca Corporation d/b/a J & H Aitcheson ("Hajoca") has claimed that it contracted with Panther to provide certain materials to Panther. (See exhibit 4, a copy of the Application for Commercial Credit, which Hajoca maintains is the contract between Panther and Hajoca). Hajoca has asserted a claim against Hanover maintaining that Panther failed to pay Hajoca and Hajoca is due monies from Panther. Hajoca has sued Hanover in the Circuit Court for Loudoun County, Virginia in the suit *Hajoca Corporation d/b/a J & H Aitcheson v. The Hanover Insurance Company*, Case No.: CL57316. Hajoca demands \$207,934.30, plus interest and costs of the action, from Hanover in this suit.

During the course of Panther performing work for Erickson, and in order to induce Hajoca to continue to provide materials to the Ashburn Project, per Hajoca, Erickson, Panther and Hajoca entered into a Joint Payment Agreement. (The Joint Payment Agreement is attached hereto as exhibit 5 and is incorporated herein by reference). Pursuant to this Joint Payment Agreement, Erickson agreed to pay Hajoca in full if Panther failed to make payment to Hajoca for materials that Hajoca provided to the Ashburn Project. (See exhibit 5, ¶¶ 1-3(a) of the Joint Payment Agreement, which is incorporated herein by reference). As previously stated, Hajoca has claimed that Panther failed to pay it for materials Hajoca provided to the Ashburn Project.

Hanover issued a subpoena to Erickson requesting information concerning any amounts that Erickson contends are due from Erickson to Panther or Hajoca. In response to Hanover's subpoena, Erickson produced the attached Contract Analysis Summary showing that Erickson's records indicate \$157,721.81 is due from Erickson to Panther for work provided to the Ashburn Project. (See exhibit 6 attached hereto). Similarly, in Erickson's schedule F, Erickson has listed Hajoca as having a \$160,000 claim. Additionally, prior to Erickson filing bankruptcy, Erickson's representatives represented to Hanover and Hajoca that it had at least \$160,000 in its account representing contract funds Erickson was holding that were due to Panther/Hajoca for materials Hajoca provided to the Ashburn Project. Erickson further represented that it was prepared to issue a check, or had already issued a check, which it was holding, made out to Panther/Hajoca in the amount of \$160,000 to satisfy Hajoca's claim against Erickson.

To the extent that Hanover satisfies any portion of Hajoca's claim, including Hajoca's claim for principal, interest, and/or costs, Hanover is equitably subrogated to Hajoca's claim against Erickson and Hajoca's right to the contract funds for the Ashburn Project. Hanover is also subrogated to Panther's rights, as well as Erickson's rights, to the contract funds for the

Ashburn Project. Accordingly, to the extent that Hanover satisfies any portion of Hajoca's claim, Hanover has an ownership interest in and to the contract proceeds that Erickson is holding, and a claim against Erickson. This ownership interest in, and to, the contract funds, is superior to all other creditors. *See Pearlman v. Reliance Ins. Co.*, 371 U.S. 132 (1962); *see also In re Jones Constr. & Renovation, Inc.*, 337 B.R. 579 (Bankr. E.D. Va. 2006) (holding that a surety has a superior ownership interest in contract funds pursuant to its rights of equitable subrogation); *Mid-Atlantic Supply, Inc. v. Three Rivers Aluminum Co.*, 790 F.2d 1121 (4th Cir. 1986) (contract proceeds held in trust and issued in the form of a joint check were not part of the bankruptcy estate and the supplier was entitled to the proceeds of the check); *Am. States Ins. Co. v. United States*, 324 B.R. 600 (N.D. Tex. 2005) (holding that the surety had an equitable ownership interest in and to retention or monies earned, but not yet, paid to the debtor). Hanover also has rights of assignment pursuant to the Indemnity Agreement and if it satisfies any portion of Hajoca's claim against Hanover and the Bonds, Hanover will obtain an assignment of Hajoca's rights against Erickson in and to the contract funds for the Ashburn Project.

Except as otherwise provided by the Subcontract Documents, Subcontractor agrees to pay, comply with, and hold Contractor, Developer and Operator harmless from all social security, state unemployment, welfare fees, and all other Federal, State and local taxes (including sales and use taxes) and fees of every nature applicable to the Work including penalties or any interest.

a health and safety program for its employees and sub-subcontractors on the site, which program shall be at least as effective as the Health and Safety Program of Contractor. Subcontractor's employees and sub-subcontractors on the site shall obey the directives of Contractor's Project Manager, Superintendent and Safety Director. All of Subcontractor's employees, agents and contractors must attend the safety meetings held by Contractor's Safety Director, or, in lieu of such attendance, Subcontractor must provide to Contractor the minutes and attendance of all safety meetings conducted by Subcontractor, within two (2) days following the completion of such safety meetings.

6.4.2. If hazardous substances of a type of which an employer is required by law to notify its employees are being used on the site by the Subcontractor, the Subcontractor's sub-subcontractors, or anyone directly or indirectly employed by them, the Subcontractor shall, at least three (3) days before bringing such substances onto the Site, provide Contractor with a materials data sheet for such substances, and give written notice of the chemical composition of such substances to Contractor. Subcontractor will comply with all laws regarding Subcontractor's use and handling of such hazardous substances by Subcontractor or Subcontractor's sub-subcontractors, agents and employees.

6.4.3. Contractor reserves the right to require Subcontractor to perform from time to time, at Subcontractor's cost, drug testing of all or any of Subcontractor's agents, employees and sub-subcontractors. Such testing must be done with testing companies selected or approved by Contractor. Subcontractor must prohibit from the Work Site any persons that test positively for drug use. Contractor shall be entitled to prohibit from the site any persons that Contractor deems to be disruptive to the smooth construction of the Project.

6.5. **CLEANING UP.** The Subcontractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations performed under this Subcontract. Subcontractor shall at all times keep the Subcontractor's work area; keep the premises free from rubbish, debris and waste and surplus materials resulting from its operations; and shall turn over the work area in such condition as to permit the next succeeding work to be commenced without further cleaning. If Subcontractor fails to comply with the provisions of this Section, Contractor shall have the right itself or through others to perform such cleaning and to charge the cost thereof to Subcontractor, plus overhead charges of twenty-five percent (25%), provided the Subcontractor is given a twenty-four (24) hour written notice of such delinquency and fails to remedy same. Subcontractor shall not damage the work of others by its performance of its obligations under the Subcontract and shall indemnify Contractor for damage caused by Subcontractor or its agents to the work of Contractor, and other contractors, including court costs and attorney's fees.

6.6. **WARRANTY.** In addition to any product warranties required by the Subcontract, the Subcontractor warrants to Contractor that all material and equipment incorporated in the Work will be new unless otherwise specified, and that all Work will be of good quality, free from faults and defect and in conformance with the Prime Contract and the Subcontract. All Work not conforming to these requirements may be considered defective. Subcontractor shall, promptly upon request of Contractor, furnish all labor, materials and supervision necessary to correct or replace any defective or nonconforming Work and any damage caused by such defect or fault, at no cost to Contractor or Owner, for a period of one (1) year from the date of Final Payment, except for latent defects, which shall be for a period of six (6) months following the discovery of such latent defect. This warranty shall run to and be enforceable by Owner, Contractor, and their successors and assigns. This warranty shall be in addition to and not in limitation of any other warranty or remedy provided by law or by the Subcontract.

6.7. **INDEMNIFICATION.** To the fullest extent permitted by law, the Subcontractor shall indemnify, defend and hold harmless the Owner, Contractor, Operator, Developer, their respective parent and subsidiaries, and their respective agents, officers, employees, members and directors of any of them from and against claims, damages, losses and expenses, including but not limited to attorney's fees and court costs, arising out of or resulting from performance of the Subcontractor's Work under this Subcontract, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property, including loss of use resulting therefrom, but only to the extent caused in whole or in part by negligent or intentional acts or omissions of the Subcontractor, the Subcontractor's sub-subcontractors, materialmen or suppliers, anyone directly or indirectly employed by them or anyone for whose acts they may be liable. Such obligation shall not be construed to negate, abridge, or otherwise reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Section 6.7.

7. CHANGES IN THE WORK.

7.1. **CONTRACTOR CHANGES.** Contractor may at any time make changes in the Work either:

- (a) By written change order signed by Contractor and Subcontractor prior to commencement specifying the changes to be made and the increase or decrease in the Subcontract Sum and extension of time, if any; or
- (b) By written direction to Subcontractor to proceed with changes in the Work, specifying the changes to be made and specifically stating that an equitable adjustment in the Subcontract Sum will be made, based on the time and materials to perform such changes; or
- (c) By written direction to Subcontractor to proceed with changes in the Work, specifying the changes to be made and specifically stating that the Subcontract Sum shall be adjusted based on actual costs of performing such changes based on time and materials, plus a fixed fee, to be set in such change order.

7.2. OBLIGATION TO PROCEED. Subcontractor shall proceed with the changes ordered so as not to delay the Work. In the event Contractor changes the Work pursuant to 7.1(b) above, Subcontractor shall file with Contractor within seven (7) days from the date of such order Subcontractor's written itemized estimate for the cost of performing the changes to be made. If mutual agreement on the cost is reached, Subcontractor and Contractor will execute a written change order executed by the authorized officers or designees of Contractor and Subcontractor. If mutual agreement cannot be reached and the changes are required by Contractor, the Work shall proceed and Subcontractor shall be entitled to a reasonable adjustment in the Subcontract sum and in the time for performance of the work to the extent such adjustments are focused by the Contractor's written change order. If the extra Work or changes are required by Contractor, Subcontractor does not waive its right by proceeding under protest provided it so notifies Contractor in writing within five (5) days from submittal of the itemized estimate referred to above.

7.3. COST AND TIME. Subcontractor shall respond to a proposed change within seven (7) days of request by Contractor. In the event that a Subcontractor change order response is not delivered to the Contractor by the date required, it shall be conclusively presumed that such proposed change does not result in a change in Subcontractor's cost or construction time, and all work and materials called for by the proposed change order shall be provided by Subcontractor at no additional cost or delay to Contractor. For changes in the work for which contractual unit prices, if any, do not apply, the Subcontractor shall submit an itemized breakdown of his estimated cost for such changes with the following percentages for overhead and profit combined: Fifteen percent (15%) on work performed by Subcontractor's own forces or by sub-subcontractors and five percent (5%) on work performed on behalf of Subcontractor by a sub-subcontractor.

8. TERMINATION, REMEDIES FOR DEFAULT AND ASSIGNMENT OF THE SUBCONTRACT.

8.1. TERMINATION BY THE SUBCONTRACTOR. The Subcontractor may terminate the Subcontract if Contractor fails to pay to Subcontractors any sums due to Subcontractor within forty-five (45) days following the date such sums were due and payable to Subcontractor. Such termination shall only be effective if Subcontractor makes written demand for such payment to Contractor following the expiration of such forty-five (45) day period and Contractor fails to pay all sums then due and payable within ten (10) days following receipt of Subcontractor's demand. In the event of such termination by the Subcontractor, the Subcontractor shall be entitled to recover from the Contractor payment for Work executed to date of termination and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery (but not for anticipated profits).

8.2. TERMINATION BY THE CONTRACTOR.

8.2.1. If the Subcontractor (i) fails or neglects to carry out the Work in accordance with the Subcontract or otherwise to perform in accordance with this Subcontract; and (ii) fails within thirty-six (36) hours after receipt of notice to correct such default or neglect, the Contractor, in addition to Contractor's remedies under Section 8.3 and 8.4 of this Subcontract, may immediately and without further notice to Subcontractor terminate the Subcontract.

8.2.2. For its convenience, the Contractor shall have the right to terminate this Subcontract for any reason by giving the Subcontractor written notice of termination. Such termination for the Contractor's convenience shall be effective upon Subcontractor's receipt of written notice of such termination. Termination for default, if wrongfully made, shall be treated as a termination for convenience. In the event that the Subcontractor is terminated for the convenience of the Contractor, the Subcontractor shall be paid a pro rata percentage of the Subcontract Sum equal to the percentage of Work in place, less payments theretofore received by the Subcontractor. In no event shall the Subcontractor be entitled to receive payment for anticipated profits for unperformed Work.

8.3. CONTRACTOR'S REMEDIES. Should Subcontractor (a) fail to correct, replace and/or re-execute faulty or defective Work and/or materials furnished under the Subcontract; (b) fail to complete or diligently proceed with the Work in accordance with the agreed upon schedule; (c) fail to correct or repair any damage to the Project caused by the acts or omissions of Subcontractor; or (d) otherwise be in default of any provision of the Subcontract, if such failure or default is not corrected, then Contractor shall have the right to correct, replace or otherwise remedy and such defect, deficiencies or delayed performance by any reasonable and expedient means, including taking over or supplementing Subcontractor's Work and materials and employing such additional labor, equipment and materials as may be necessary to cure the default and achieve compliance with the Subcontract. In such event, Contractor may deduct from any sums due to Subcontractor the cost of performing such work and correcting such deficiencies, plus overhead of fifteen percent (15%) of such cost. If payments then or thereafter due Subcontractor are not sufficient to cover such amount, Subcontractor shall promptly pay the difference to Contractor. The remedies of Contractor under this subparagraph are in addition to any other remedies available to Contractor under the Subcontract or available at law or in equity.

8.4. CONTRACTOR'S ADDITIONAL REMEDIES. Subcontractor shall reimburse Contractor for any loss, damage or extra expense paid or incurred by Contractor which is due to Subcontractor's failure to supply materials, labor, or to properly perform the Work in accordance with the Subcontract Documents. Subcontractor's failure to perform shall include the failure of its lower-tier subcontractors to perform. Subcontractor's liability shall include but not be limited to (1) damages and other delay costs payable by Contractor to the Owner; (2) Contractor's increased costs of performance, such as extended overhead and increased performance costs resulting from Subcontractor-caused delays or improper Subcontractor Work; (3) warranty and rework costs; (4) liability to third parties; (5) excess procurement costs; (6) consultants' fees; and (7) attorneys' fees and court costs. Contractor may take over any of Subcontractor's outstanding sub-subcontracts and purchase orders and take possession of all tools, equipment, scaffolds, material and supplies of Subcontractor which are on the Project site, in transit to, or especially manufactured for, the Work for use in completion of the

Contract Number: 15P

Project. Contractor is hereby granted a lien on all such property to secure Subcontractor's performance under this Subcontract. Subcontractor shall, upon request of Contractor, execute and deliver to Contractor all documents and take all such steps to effect the legal assignment of Subcontractor's contractual rights under such sub-subcontracts and purchase orders, but Contractor shall not be required to assume any of Subcontractor's outstanding obligations thereunder.

8.5. ASSIGNMENT OF THE SUBCONTRACT.

8.5.1. In the event of termination of the Prime Contract by the Owner, the Contractor may assign this Subcontract to the Owner, with the Owner's agreement, subject to the provisions of the Prime Contract and to the prior rights of the surety, if any, obligated under bonds relating to the Prime Contract.

8.5.2. The Subcontractor shall not assign this Subcontract without the written consent of the Contractor, nor subcontract the whole or any portion of this Subcontract without the written consent of the Contractor.

9. MUTUAL RIGHTS AND RESPONSIBILITIES.

The Contractor and Subcontractor shall be mutually bound by the terms of this Subcontract and, to the extent that provisions of the Prime Contract apply to the Work of the Subcontractor, the Contractor shall assume toward the Subcontractor all obligations and responsibilities that the Owner, under the Prime Contract, assumes toward the Contractor, and the Subcontractor shall assume toward the Contractor all obligations and responsibilities which the Contractor, under the Prime Contract, assumes toward the Owner and the Architect. The Contractor shall have the benefit of all rights, remedies and redress against the Subcontractor which the Owner, under the Prime Contract, has against the Contractor, and the Subcontractor shall have the benefit of all rights, remedies and redress against the Contractor which the Contractor, under the Prime Contract, has against the Owner, insofar as applicable to this Subcontract. Where a provision of the Prime Contract is inconsistent with a provision of this Subcontract, this Subcontract shall govern.

10. PROGRESS PAYMENTS.

10.1. APPLICATIONS FOR PAYMENT.

SUBCONTRACTOR SHALL SUBMIT ALL REQUISITIONS AND APPLICATIONS FOR PAYMENT FOR PAYMENT PROCESSING TO: ERICKSON CONSTRUCTION, LLC; Alan Jackson 21059 Loudoun County Parkway, Ashburn, VA, 20147 OR TO SUCH OTHER ADDRESS AS CONTRACTOR MAY DIRECT.

10.1.1. Based upon applications for payment submitted to the Contractor by the Subcontractor, corresponding to Applications for Payment submitted by the Contractor to the Owner, and Certificates for Payment issued by the Owner, the Contractor shall make progress payments on account of the Subcontract Sum to the Subcontractor as provided below and elsewhere in the Subcontract. Each application for payment shall be in the form attached hereto as Exhibit D, or such other form as may otherwise be requested by Owner, and must include a Partial Release of Liens in either the form attached hereto as Exhibit E, or such other form as may otherwise be requested by Owner, and with such detail substantiating Subcontractor's right to payment.

10.1.2. The period covered by each application for payment submitted by Subcontractor shall be one (1) calendar month ending on the last day of the calendar month. Each application for payment must be based on actual work performed by or under Subcontractor through the 19th day of the month, and the reasonably estimated work to be performed by or under Subcontractor during the balance of the month.

10.1.3. Provided an application for payment is received by the Contractor not later than the 20th day of a month, the Contractor shall include the Subcontractor's Work covered by that application in the next Application for Payment which the Contractor is entitled to submit to the Owner. Subcontractor's progress payments shall be due and payable within ten (10) working days after the Contractor receives payment for the Subcontractor's Work from the Owner. If the Owner or Architect fails to issue a Certificate for Payment or the Owner fails to pay Contractor for Subcontractor's Work within forty-five (45) days following the applicable Application for Payment, and such failure is not the fault of the Subcontractor or Subcontractor's sub-subcontractors, the Contractor shall pay the Subcontractor, within ten (10) days following demand, a progress payment computed as provided in Section 10.2 of this Subcontract. Notwithstanding the foregoing, payments to Subcontractor may be withheld on account of (i) defective Work not remedied, (ii) claims filed, (iii) damage to Contractor or another subcontractor or (iv) failure to carry out the Work in accordance with the Subcontract.

10.1.4. If an application for payment is received by the Contractor on or after the 21st day of any calendar month, the Subcontractor's Work covered by such application shall be included by the Contractor in the next Application for Payment submitted to the Owner.

10.1.5. Each application for payment shall be based upon the most recent schedule of values approved by the Contractor in accordance with Section 4.4 of this Subcontract. Applications for payment submitted by the Subcontractor shall indicate the percentage of completion of each portion of the Work as of the end of the period covered by the Subcontractor's application for payment.

Contract Number: 15P

10.1.6. Subcontractor shall pay all claimants for all costs and expenses resulting from the performance of the Work and for all labor and materials used. Subcontractor is liable for and shall hold Contractor and Owner harmless from and indemnify Contractor and Owner for all court costs, attorney's fees and damages resulting from claims by sub-subcontractors and Subcontractor's suppliers and all liens and all claims of persons furnishing material or labor on behalf of Subcontractor in connection with the Work. Subcontractor shall deliver to Contractor with each application for payment recordable affidavits and lien releases or waivers acceptable to Contractor from Subcontractor and Subcontractor's sub-subcontractors and suppliers. In the event any person or entity claiming by, through or under Subcontractor notifies Contractor of any non-payment or seeks to encumber funds held by Contractor and payable to Subcontractor or files a lien or other claim against the Project, or Contractor's interest therein, Subcontractor shall within three (3) days notify Contractor if Subcontractor disputes such claim. If at any time a lien has been filed against Contractor, the Owner, the Project or any sums held by Contractor by any person or entity claiming through Subcontractor, Subcontractor shall, within seven (7) days of receipt of notice of such lien pay the claim and cause the lien to be released or shall file a bond in lieu of the payment of such lien and shall cause the lien to be released from the project.

10.1.7. Notwithstanding the foregoing, if such lien or claim is due solely to sums wrongfully held by Contractor, Subcontractor shall not have any obligation to hold harmless or indemnify Contractor against such lien or claim.

10.2. PROGRESS PAYMENTS. Subject to the provisions of the Subcontract, the amount of each progress payment shall be computed as follows:

10.2.1. Take that portion of the Subcontract Sum properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Subcontractor's Work by the share of the total Subcontract Sum allocated to that portion of the Subcontractor's Work in the schedule of values, less that percentage actually retained, if any, from payments to the Contractor on account of the Work of the Subcontractor;

10.2.2. Add that portion of the Subcontract Sum properly allocable to materials and equipment delivered and suitably stored at the site by the Subcontractor for subsequent incorporation in the Subcontractor's Work or, if approved in advance in writing by the Owner, suitably stored off the site at a location agreed upon in writing, less the same percentage retainage required by the Prime Contract to be applied to such materials and equipment in the Contractor's Application for Payment;

10.2.3. Subtract the aggregate of previous payments made by the Contractor; and

10.2.4. Subtract amounts, if any, calculated under Subparagraph 10.2.1 or 10.2.2 which are related to Work of the Subcontractor for which the Architect has withheld or nullified, in whole or in part, a Certificate of Payment for a cause which is the fault of the Subcontractor or Subcontractor's sub-subcontractors.

10.2.5. All periodic payments by Contractor shall be subject to a retainage, to be held by Contractor, of ten percent (10%) of the amount billed by Subcontractor. To the extent approved or permitted by Owner and any lender providing financing for all or any part of the Work, and if Subcontractor is in compliance with the terms of the Subcontract, the aggregate amount of the retainage, subject to offset for defects and deficiencies, shall be reduced to five percent (5%) upon the Work achieving fifty percent (50%) completion and acceptance thereof by Contractor and Owner. No periodic payment by Contractor shall be deemed to constitute acceptance of any faulty or defective Work.

10.3. STORED MATERIALS. Notwithstanding the provisions of Subsection 10.2., payment for stored materials may be conditioned on delivery to the Owner of bills of sale (which shall include a complete description, including photographs, bills of lading, serial numbers, warehouse receipts and/or inventories, as appropriate for Owner to identify the stored materials) and such other procedures satisfactory to Owner to establish the Owner's title and to insure and otherwise protect the Owner's interest in and to such stored materials, unless requested otherwise by Contractor. Subcontractor shall schedule the materials to prevent the arrival of major items well in advance of their incorporation into the improvements.

10.4. SUBSTANTIAL COMPLETION. When the Work or a designated portion thereof is substantially complete in accordance with the requirements of the Prime Contract, the Contractor shall, upon application by the Subcontractor, make prompt application for payment for such Work. Within thirty (30) days following issuance by the Owner of the Certificate for Payment covering such substantially completed Work, the Contractor shall, to the full extent allowed in the Prime Contract, make payment to the Subcontractor, deducting any portion of the funds for the Work withheld in accordance with the Certificate of Payment to cover costs of items to be completed or corrected by the Subcontractor. Such payment to the Subcontractor shall be the entire unpaid balance of the

Subcontract Sum if a full release of retainage is allowed under the Prime Contract for the Work prior to the completion of the entire Project. If the Prime Contract does not allow for a full release of retainage, then such payment shall be an amount which, when added to previous payments to the Subcontractor, will reduce the retainage on the Subcontractor's substantially completed Work to the same percentage of retainage as that on the Contractor's work covered by the Certificate of Payment.

11. FINAL PAYMENT.

Contract Number: 15P

11.1. **TIME.** Subject to the provisions of Section 10.4, final payment, constituting the entire unpaid balance of the Subcontract Sum, shall be made by the Contractor to the Subcontractor when the Work is fully performed in accordance with the requirements of the Subcontract, Subcontractor has filed a final application for payment, the Owner has issued a Certificate for Payment covering the Subcontractor's completed Work and the Contractor has received payment from the Owner. If a Certificate for Payment is not issued within forty-five (45) days of Contractor's application for payment, or the Contractor does not receive from the Owner payment within forty-five (45) days of Contractor's application for payment, and such payment is otherwise due to Subcontractor and such failure is not due to any fault of Subcontractor, final payment to the Subcontractor shall be made upon demand.

11.2. **LIEN WAIVERS.** Final payment shall not be due until Subcontractor has delivered to Contractor a complete, recordable affidavit and release of all liens arising out of this Subcontract, in the form attached hereto as Exhibit F, or such other form as may otherwise be requested by Owner, covering all labor, materials and equipment for which a lien could be filed, or a bond satisfactory to the Contractor indemnifying Contractor and the Project against any and all lien(s). If any lien remains unsatisfied after all payments are made, Subcontractor shall refund to Contractor all monies the latter may be compelled to pay in discharging such lien, including all court costs and expenses and reasonable attorney's fees. The acceptance of final payment shall constitute a release of all claims by Subcontractor except those previously made in writing and identified by Subcontractor as unsettled at the time of the final application for payment.

11.3. **EVIDENCE OF PAYMENT.** Before issuance of the final payment, the Subcontractor, if required, shall submit evidence satisfactory to the Contractor that all payrolls, bills for materials and equipment, and all known indebtedness connected with the Subcontractor's Work have been satisfied.

11.4. **SUB-SUBCONTRACTORS AND PROVIDERS.** Subcontractor shall keep Contractor informed of all sub-subcontractors, and all materials and/or service providers of any tier who provide materials or service for any part of the Work in excess of One Thousand Dollars (\$1,000.00) by completing, submitting and updating as appropriate Exhibit G attached hereto.

11.5. **ADVANCE WAIVER OF LIENS.** To the greatest extent permitted by law, Subcontractor hereby waives in advance of any rights Subcontractor may have by statute, law, rule, regulation or otherwise to assert or maintain any lien on the Owner's interest in the property consisting of the Project. This waiver is given knowingly and voluntarily, and after opportunity to consult with Subcontractor's attorney.

12. INSURANCE AND BONDS.

12.1. COVERAGES.

12.1.1. Before the Subcontractor commences any Work pursuant to this Subcontract, the Subcontractor shall obtain and maintain throughout the term of the Subcontract, insurance of the types and in the minimum amounts set forth on Exhibit H. Self-insured retentions and/or deductibles may not be more than Ten Thousand Dollars (\$10,000.00). Acceptance of any insurance by Contractor shall not relieve or decrease the liability of the Subcontractor.

12.1.2. Coverages must be maintained with financially secure insurance companies licensed to do business in the State where the Project is located, have a Best's Guide Rating of not less than A-VI and must otherwise be acceptable to Owner and Contractor. Coverage must be maintained without interruption from date of commencement of the Work until date of final payment, and Contractor, Developer, Owner, and the Operator, their parent and subsidiary companies, together with their employees, officers agents, members and directors shall be named as additional insureds and Lender where required, under Subcontractor's Commercial General Liability policy, Automobile liability policy, Product/Completed Operations Coverage and the Umbrella/Excess Insurance. The additional insured coverage is to be provided by ISO form CG 20100704, or CG20370704, or equivalent forms, a copy of which will be provided with the certificate of insurance. All such policies shall apply as primary and non-contributory insurance with respect to any other insurance or self-insurance programs afforded to the indemnities and/or additional insured's identified within this agreement.

12.1.3. Certificates of insurance acceptable to the Contractor, together with all appropriate endorsements, shall be filed with the Contractor prior to commencement of the Subcontractor's Work, and at least ten (10) days prior to the expiration of any policy. These certificates and the insurance policies required by this Article 12 shall contain an endorsement that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the Contractor. If any of the foregoing insurance coverages are required to remain in force after final payment and are reasonably available, an additional certificate evidencing continuation of such coverage shall be submitted with the final application for payment as required in Article 11. If requested by Contractor, Subcontractor shall provide certified copies of all such policies to Contractor within ten (10) days of such request. Subcontractor must immediately notify Contractor of any reduction or restriction in the required insurance that takes place during the term of the Subcontract, and/or in the event the insurer notifies the Subcontractor of its intent not to renew coverage.

12.1.4. The Contractor shall furnish to the Subcontractor upon demand, satisfactory evidence of insurance required of the Contractor under the Prime Contract.

12.1.5. If Subcontractor fails to secure and maintain the required insurance, Contractor shall have the right (without any obligation to do so, however) to secure same in the name and for the account of the Subcontractor in which event the Subcontractor shall pay the costs thereof to Contractor upon demand and furnish upon demand all information that may be required in connection therewith.

Contract Number: 15P

12.1.6. The insurance provisions of this Subcontract shall not be construed as a limitation on the Subcontract's responsibilities and liabilities pursuant to the terms and conditions of the Subcontract, including, but not limited to, liability for claims in excess of the insurance limits and coverages set forth herein.

12.1.7. The Subcontractor shall not make changes in or allow the required insurance coverages to lapse without the Contractor's prior written approval thereto.

12.2. **WAIVERS OF SUBROGATION.** The Contractor and Subcontractor waive all rights against (1) each other and any of their Subcontractors, sub-subcontractors, agents, employees, officers, members and directors, each of the other, and (2) the Owner, Developer, Operator, and any of their Subcontractors, sub-subcontractors, agents, employees, officers, members and directors, for damages caused by fire or other perils to the extent covered by property insurance provided under the Prime Contract or other property insurance applicable to the Work, except such rights as they may have to proceeds of such insurance held by the Owner as fiduciary. The Subcontractor shall require of the Subcontractor's sub-subcontractors, agents and employees, by appropriate agreements, written where legally required for validity, similar waivers in favor of other parties enumerated herein. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

12.3. The Contractor shall promptly, upon request of the Subcontractor, furnish a copy or permit a copy to be made of any bond covering payment of obligations arising under the Subcontract.

12.4. **Performance Bond and Payment Bond:**

Bond Required for the payment and performance bonds. All bonds must be in the AIA312 format or equal. Cost of bond is on bonding company's invoice at standard rates. Subcontractor must include the names of the Owner and Lender on all bonds as a dual obligee. Subcontractor can provide this information through a dual obligee rider. Two original copies of all bonds are required and should be forwarded to the Corporate Office located at 991 Corporate Boulevard, Linthicum, MD 21090.

Unless waived by Contractor in this Subsection 12.4, prior to the commencement of the Work, Subcontractor shall pay for and deliver to Owner acceptable, statutory payment and performance bonds in the full amount of the Subcontract sum issued by a surety acceptable to Owner.

13. **SETTLEMENT OF DISPUTES.**

13.1. In the event of any dispute involving the Work performed or to be performed, Contractor shall issue a decision which shall be followed by Subcontractor, without interruption, deficiency, or delay. If Subcontractor does not agree with such decision, Subcontractor may make a claim under Section 7.3. and the matter shall be resolved as set forth in Article 13.2. or 13.3. as applicable. If the Subcontractor prevails, Subcontractor's sole remedy shall be an equitable adjustment determined as provided in Section 13.2. or 13.3. as applicable. In addition to notice required by Article 9 or the Subcontract Documents, notification of any claim for the equitable adjustment must be asserted in writing not later than ten (10) days after Subcontractor's knowledge of the claim, and if Section 13.2. is applicable, within sufficient time to allow Contractor to give notice to the Owner under the Subcontract Documents.

13.2. In case of any dispute between Contractor and Subcontractor, in any way relating to or arising from any act or omission of the Owner or involving the Subcontract Documents, Subcontractor agrees to be bound to Contractor to the same extent that Contractor is bound to the Owner, by the terms of the Subcontract Documents, and by any and all preliminary and final decisions or determinations made thereunder by the party, board or court so authorized in the Subcontract Documents or by law, whether or not Subcontractor is a party to such proceedings. In case of such dispute, Subcontractor will comply with all provisions of the Subcontract Documents allowing a reasonable time for Contractor to analyze and forward to the Owner any required communications or documentation. Contractor will, at its option, (1) present to the Owner, in Contractor's name, or (2) authorize Subcontractor to present to the Owner, in Contractor's name, all of Subcontractor's claims and answer the Owner's claims involving Subcontractor's Work, whenever Contractor is permitted to do so by the terms of the Subcontract Documents. Contractor will further invoke on behalf of Subcontractor, or allow Subcontractor to invoke, those provisions in the Subcontract Documents for determining disputes. If such dispute is prosecuted or defended by Contractor, Subcontractor, at its own expense, agrees to furnish all documents, statements, witnesses, and other information required by Contractor and to pay or reimburse Contractor for all costs incurred by Contractor in connection with the dispute including attorneys' fees and court costs.

13.3. To the extent not resolved under Section 13.2 above, any dispute between Contractor and Subcontractor shall, at Contractor's sole option, be decided by litigation. DUE TO THE SPECIALIZED NATURE OF CONSTRUCTION LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHT TO A TRIAL BY JURY.

14. **MISCELLANEOUS PROVISIONS.**

Contract Number: 15P

14.1. GENERAL CONDITIONS. Where reference is made in this Agreement to a provision of the General Conditions or another Subcontract Document, the reference refers to that provision as expressly amended or supplemented by other provisions of the Subcontract Documents.

14.2. MERIT SHOP. The Subcontractor acknowledges that this Project is being built as a "Merit Shop" project, and therefore is not under jurisdiction of union work rules. The Subcontractor agrees to comply with the work rules as established by Contractor, and not to interfere with the employees or work of Contractor or other subcontractors and suppliers involved with this Project. Failure to comply with this provision may result in termination of the Subcontract at the sole discretion of Contractor.

14.3. PRIVACY. Until Subcontractor's obligations under this Subcontract are completely fulfilled, Subcontractor agrees not to perform any Work directly for the Owner or deal directly with the Owner's representatives in connection with the Project, unless otherwise directed in writing by Contractor. All Work for this Project performed by Subcontractor shall be processed and handled exclusively by Contractor.

14.4. VEHICLES. All vehicles are to be operated in accordance with the traffic and parking rules and regulations of the Operator and the Contractor. Violation of these rules may result in the vehicle being towed at the owner's expense, and the vehicle and operator being banned from the site. All workers authorized to park within the site must obtain parking passes from the Contractor's office and must display the parking passes whenever the vehicle is on the site. Subcontractor's employees, agents and sub-subcontractors may park vehicles only in areas on or off-site as designated for parking by Owner or Contractor.

14.5. RESIDENTS OF RETIREMENT COMMUNITY. The safety and protection of the residents of the Project is of paramount importance to the Contractor. Subcontractor, its workers, suppliers, and sub-subcontractors must adhere to all traffic regulations, noise restrictions, and other safety standards established by the Contractor and the Operator. - (a) By written change order signed by Contractor and Subcontractor prior to commencement specifying the changes to be made and the increase or decrease in the Subcontract Sum and extension of time, if any; or
- (b) By written direction to Subcontractor to proceed with changes in the Work, specifying the changes to be made and specifically stating that an equitable adjustment in the Subcontract Sum will be made, based on the time and materials to perform such changes; or
- (c) By written direction to Subcontractor to proceed with changes in the Work, specifying the changes to be made and specifically stating that the Subcontract Sum shall be adjusted based on actual costs of performing such changes based on time and materials, plus a fixed fee, to be set in such change order.

7.2. OBLIGATION TO PROCEED. Subcontractor shall proceed with the changes ordered so as not to delay the Work. In the event Contractor changes the Work pursuant to 7.1(b) above, Subcontractor shall file with Contractor within seven (7) days from the date of such order Subcontractor's written itemized estimate for the cost of performing the changes to be made. If mutual agreement on the cost is reached, Subcontractor and Contractor will execute a written change order executed by the authorized officers or designees of Contractor and Subcontractor. If mutual agreement cannot be reached and the changes are required by Contractor, the Work shall proceed and Subcontractor shall be entitled to a reasonable adjustment in the Subcontract sum and in the time for performance of the work to the extent such adjustments are focused by the Contractor's written change order. If the extra Work or changes are required by Contractor, Subcontractor does not waive its right by proceeding under protest provided it so notifies Contractor in writing within five (5) days from submittal of the itemized estimate referred to above.

7.3. COST AND TIME. Subcontractor shall respond to a proposed change within seven (7) days of request by Contractor. In the event that a Subcontractor change order response is not delivered to the Contractor by the date required, it shall be conclusively presumed that such proposed change does not result in a change in Subcontractor's cost or construction time, and all work and materials called for by the proposed change order shall be provided by Subcontractor at no additional cost or delay to Contractor. For changes in the work for which contractual unit prices, if any, do not apply, the Subcontractor shall submit an itemized breakdown of his estimated cost for such changes with the following percentages for overhead and profit combined: Fifteen percent (15%) on work performed by Subcontractor's own forces or by sub-subcontractors and five percent (5%) on work performed on behalf of Subcontractor by a sub-subcontractor.

8. TERMINATION, REMEDIES FOR DEFAULT AND ASSIGNMENT OF THE SUBCONTRACT.

8.1. TERMINATION BY THE SUBCONTRACTOR. The Subcontractor may terminate the Subcontract if Contractor fails to pay to Subcontractors any sums due to Subcontractor within forty-five (45) days following the date such sums were due and payable to Subcontractor. Such termination shall only be effective if Subcontractor makes written demand for such payment to Contractor following the expiration of such forty-five (45) day period and Contractor fails to pay all sums then due and payable within ten (10) days following receipt of Subcontractor's demand. In the event of such termination by the Subcontractor, the Subcontractor shall be entitled to recover from the Contractor payment for Work executed to date of termination and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery (but not for anticipated profits).

8.2. TERMINATION BY THE CONTRACTOR.

8.2.1. If the Subcontractor (i) fails or neglects to carry out the Work in accordance with the Subcontract or otherwise to perform in accordance with this Subcontract; and (ii) fails within thirty-six (36) hours after receipt of notice to correct such default or neglect, the Contractor, in addition to Contractor's remedies under Section 8.3 and 8.4 of this Subcontract, may immediately and without further notice to Subcontractor terminate the Subcontract.

8.2.2. For its convenience, the Contractor shall have the right to terminate this Subcontract for any reason by giving the Subcontractor written notice of termination. Such termination for the Contractor's convenience shall be effective upon Subcontractor's receipt of written notice of such termination. Termination for default, if wrongfully made, shall be treated as a termination for convenience. In the event that the Subcontractor is terminated for the convenience of the Contractor, the Subcontractor shall be paid a pro rata percentage of the Subcontract Sum equal to the percentage of Work in place, less payments theretofore received by the Subcontractor. In no event shall the Subcontractor be entitled to receive payment for anticipated profits for unperformed Work.

8.3. CONTRACTOR'S REMEDIES. Should Subcontractor (a) fail to correct, replace and/or re-execute faulty or defective Work and/or materials furnished under the Subcontract; (b) fail to complete or diligently proceed with the Work in accordance with the agreed upon schedule; (c) fail to correct or repair any damage to the Project caused by the acts or omissions of Subcontractor; or (d) otherwise be in default of any provision of the Subcontract, if such failure or default is not corrected, then Contractor shall have the right to correct, replace or otherwise remedy and such defect, deficiencies or delayed performance by any reasonable and expedient means, including taking over or supplementing Subcontractor's Work and materials and employing such additional labor, equipment and materials as may be necessary to cure the default and achieve compliance with the Subcontract. In such event, Contractor may deduct from any sums due to Subcontractor the cost of performing such work and correcting such deficiencies, plus overhead of fifteen percent (15%) of such cost. If payments then or thereafter due Subcontractor are not sufficient to cover such amount, Subcontractor shall promptly pay the difference to Contractor. The remedies of Contractor under this subparagraph are in addition to any other remedies available to Contractor under the Subcontract or available at law or in equity.

8.4. CONTRACTOR'S ADDITIONAL REMEDIES. Subcontractor shall reimburse Contractor for any loss, damage or extra expense paid or incurred by Contractor which is due to Subcontractor's failure to supply materials, labor, or to properly perform the Work in accordance with the Subcontract Documents. Subcontractor's failure to perform shall include the failure of its lower-tier subcontractors to perform. Subcontractor's liability shall include but not be limited to (1) damages and other delay costs payable by Contractor to the Owner; (2) Contractor's increased costs of performance, such as extended overhead and increased performance costs resulting from Subcontractor-caused delays or improper Subcontractor Work; (3) warranty and rework costs; (4) liability to third parties; (5) excess procurement costs; (6) consultants' fees; and (7) attorneys' fees and court costs. Contractor may take over any of Subcontractor's outstanding sub-subcontracts and purchase orders and take possession of all tools, equipment, scaffolds, material and supplies of Subcontractor which are on the Project site, in transit to, or especially manufactured for, the Work for use in completion of the

Contract Number: 15P

Project. Contractor is hereby granted a lien on all such property to secure Subcontractor's performance under this Subcontract. Subcontractor shall, upon request of Contractor, execute and deliver to Contractor all documents and take all such steps to effect the legal assignment of Subcontractor's contractual rights under such sub-subcontracts and purchase orders, but Contractor shall not be required to assume any of Subcontractor's outstanding obligations thereunder.

8.5. ASSIGNMENT OF THE SUBCONTRACT.

8.5.1. In the event of termination of the Prime Contract by the Owner, the Contractor may assign this Subcontract to the Owner, with the Owner's agreement, subject to the provisions of the Prime Contract and to the prior rights of the surety, if any, obligated under bonds relating to the Prime Contract.

8.5.2. The Subcontractor shall not assign this Subcontract without the written consent of the Contractor, nor subcontract the whole or any portion of this Subcontract without the written consent of the Contractor.

9. MUTUAL RIGHTS AND RESPONSIBILITIES.

The Contractor and Subcontractor shall be mutually bound by the terms of this Subcontract and, to the extent that provisions of the Prime Contract apply to the Work of the Subcontractor, the Contractor shall assume toward the Subcontractor all obligations and responsibilities that the Owner, under the Prime Contract, assumes toward the Contractor, and the Subcontractor shall assume toward the Contractor all obligations and responsibilities which the Contractor, under the Prime Contract, assumes toward the Owner and the Architect. The Contractor shall have the benefit of all rights, remedies and redress against the Subcontractor which the Owner, under the Prime Contract, has against the Contractor, and the Subcontractor shall have the benefit of all rights, remedies and redress against the Contractor which the Contractor, under the Prime Contract, has against the Owner, insofar as applicable to this Subcontract. Where a provision of the Prime Contract is inconsistent with a provision of this Subcontract, this Subcontract shall govern.

10. PROGRESS PAYMENTS.

10.1. APPLICATIONS FOR PAYMENT.

SUBCONTRACTOR SHALL SUBMIT ALL REQUISITIONS AND APPLICATIONS FOR PAYMENT FOR PAYMENT PROCESSING TO: ERICKSON CONSTRUCTION, LLC; Alan Jackson 21059 Loudoun County Parkway, Ashburn, VA, 20147 OR TO SUCH OTHER ADDRESS AS CONTRACTOR MAY DIRECT.

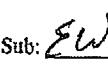

10.1.1. Based upon applications for payment submitted to the Contractor by the Subcontractor, corresponding to Applications for Payment submitted by the Contractor to the Owner, and Certificates for Payment issued by the Owner, the Contractor shall make progress payments on account of the Subcontract Sum to the Subcontractor as provided below and elsewhere in the Subcontract. Each application for payment shall be in the form attached hereto as Exhibit D, or such other form as may otherwise be requested by Owner, and must include a Partial Release of Liens in either the form attached hereto as Exhibit E, or such other form as may otherwise be requested by Owner, and with such detail substantiating Subcontractors right to payment.

10.1.2. The period covered by each application for payment submitted by Subcontractor shall be one (1) calendar month ending on the last day of the calendar month. Each application for payment must be based on actual work performed by or under Subcontractor through the 19th day of the month, and the reasonably estimated work to be performed by or under Subcontractor during the balance of the month.

10.1.3. Provided an application for payment is received by the Contractor not later than the 20th day of a month, the Contractor shall include the Subcontractor's Work covered by that application in the next Application for Payment which the Contractor is entitled to submit to the Owner. Subcontractor's progress payments shall be due and payable within ten (10) working days after the Contractor receives payment for the Subcontractor's Work from the Owner. If the Owner or Architect fails to issue a Certificate for Payment or the Owner fails to pay Contractor for Subcontractor's Work within forty-five (45) days following the applicable Application for Payment, and such failure is not the fault of the Subcontractor or Subcontractor's sub-subcontractors, the Contractor shall pay the Subcontractor, within ten (10) days following demand, a progress payment computed as provided in Section 10.2 of this Subcontract. Notwithstanding the foregoing, payments to Subcontractor may be withheld on account of (i) defective Work not remedied, (ii) claims filed, (iii) damage to Contractor or another subcontractor or (iv) failure to carry out the Work in accordance with the Subcontract.

10.1.4. If an application for payment is received by the Contractor on or after the 21st day of any calendar month, the Subcontractor's Work covered by such application shall be included by the Contractor in the next Application for Payment submitted to the Owner.

10.1.5. Each application for payment shall be based upon the most recent schedule of values approved by the Contractor in accordance with Section 4.4 of this Subcontract. Applications for payment submitted by the Subcontractor shall indicate the percentage of completion of each portion of the Work as of the end of the period covered by the Subcontractor's application for payment.

EC:  Sub: 

Contract Number: 15P

10.1.6. Subcontractor shall pay all claimants for all costs and expenses resulting from the performance of the Work and for all labor and materials used. Subcontractor is liable for and shall hold Contractor and Owner harmless from and indemnify Contractor and Owner for all court costs, attorney's fees and damages resulting from claims by sub-subcontractors and Subcontractor's suppliers and all liens and all claims of persons furnishing material or labor on behalf of Subcontractor in connection with the Work. Subcontractor shall deliver to Contractor with each application for payment recordable affidavits and lien releases or waivers acceptable to Contractor from Subcontractor and Subcontractor's sub-subcontractors and suppliers. In the event any person or entity claiming by, through or under Subcontractor notifies Contractor of any non-payment or seeks to encumber funds held by Contractor and payable to Subcontractor or files a lien or other claim against the Project, or Contractor's interest therein, Subcontractor shall within three (3) days notify Contractor if Subcontractor disputes such claim. If at any time a lien has been filed against Contractor, the Owner, the Project or any sums held by Contractor by any person or entity claiming through Subcontractor, Subcontractor shall, within seven (7) days of receipt of notice of such lien pay the claim and cause the lien to be released or shall file a bond in lieu of the payment of such lien and shall cause the lien to be released from the project.

10.1.7. Notwithstanding the foregoing, if such lien or claim is due solely to sums wrongfully held by Contractor, Subcontractor shall not have any obligation to hold harmless or indemnify Contractor against such lien or claim.

10.2. PROGRESS PAYMENTS. Subject to the provisions of the Subcontract, the amount of each progress payment shall be computed as follows:

10.2.1. Take that portion of the Subcontract Sum properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Subcontractor's Work by the share of the total Subcontract Sum allocated to that portion of the Subcontractor's Work in the schedule of values, less that percentage actually retained, if any, from payments to the Contractor on account of the Work of the Subcontractor;

10.2.2. Add that portion of the Subcontract Sum properly allocable to materials and equipment delivered and suitably stored at the site by the Subcontractor for subsequent incorporation in the Subcontractor's Work or, if approved in advance in writing by the Owner, suitably stored off the site at a location agreed upon in writing, less the same percentage retainage required by the Prime Contract to be applied to such materials and equipment in the Contractor's Application for Payment;

10.2.3. Subtract the aggregate of previous payments made by the Contractor; and

10.2.4. Subtract amounts, if any, calculated under Subparagraph 10.2.1 or 10.2.2 which are related to Work of the Subcontractor for which the Architect has withheld or nullified, in whole or in part, a Certificate of Payment for a cause which is the fault of the Subcontractor or Subcontractor's sub-subcontractors.

10.2.5. All periodic payments by Contractor shall be subject to a retainage, to be held by Contractor, of ten percent (10%) of the amount billed by Subcontractor. To the extent approved or permitted by Owner and any lender providing financing for all or any part of the Work, and if Subcontractor is in compliance with the terms of the Subcontract, the aggregate amount of the retainage, subject to offset for defects and deficiencies, shall be reduced to five percent (5%) upon the Work achieving fifty percent (50%) completion and acceptance thereof by Contractor and Owner. No periodic payment by Contractor shall be deemed to constitute acceptance of any faulty or defective Work.

10.3. STORED MATERIALS. Notwithstanding the provisions of Subsection 10.2., payment for stored materials may be conditioned on delivery to the Owner of bills of sale (which shall include a complete description, including photographs, bills of lading, serial numbers, warehouse receipts and/or inventories, as appropriate for Owner to identify the stored materials) and such other procedures satisfactory to Owner to establish the Owner's title and to insure and otherwise protect the Owner's interest in and to such stored materials, unless requested otherwise by Contractor. Subcontractor shall schedule the materials to prevent the arrival of major items well in advance of their incorporation into the improvements.

10.4. SUBSTANTIAL COMPLETION. When the Work or a designated portion thereof is substantially complete in accordance with the requirements of the Prime Contract, the Contractor shall, upon application by the Subcontractor, make prompt application for payment for such Work. Within thirty (30) days following issuance by the Owner of the Certificate for Payment covering such substantially completed Work, the Contractor shall, to the full extent allowed in the Prime Contract, make payment to the Subcontractor, deducting any portion of the funds for the Work withheld in accordance with the Certificate of Payment to cover costs of items to be completed or corrected by the Subcontractor. Such payment to the Subcontractor shall be the entire unpaid balance of the

Subcontract Sum if a full release of retainage is allowed under the Prime Contract for the Work prior to the completion of the entire Project. If the Prime Contract does not allow for a full release of retainage, then such payment shall be an amount which, when added to previous payments to the Subcontractor, will reduce the retainage on the Subcontractor's substantially completed Work to the same percentage of retainage as that on the Contractor's work covered by the Certificate of Payment.

11. FINAL PAYMENT.

Contract Number: 15P

11.1. TIME. Subject to the provisions of Section 10.4, final payment, constituting the entire unpaid balance of the Subcontract Sum, shall be made by the Contractor to the Subcontractor when the Work is fully performed in accordance with the requirements of the Subcontract, Subcontractor has filed a final application for payment, the Owner has issued a Certificate for Payment covering the Subcontractor's completed Work and the Contractor has received payment from the Owner. If a Certificate for Payment is not issued within forty-five (45) days of Contractor's application for payment, or the Contractor does not receive from the Owner payment within forty-five (45) days of Contractor's application for payment, and such payment is otherwise due to Subcontractor and such failure is not due to any fault of Subcontractor, final payment to the Subcontractor shall be made upon demand.

11.2. LIEN WAIVERS. Final payment shall not be due until Subcontractor has delivered to Contractor a complete, recordable affidavit and release of all liens arising out of this Subcontract, in the form attached hereto as Exhibit E, or such other form as may otherwise be requested by Owner, covering all labor, materials and equipment for which a lien could be filed, or a bond satisfactory to the Contractor indemnifying Contractor and the Project against any and all lien(s). If any lien remains unsatisfied after all payments are made, Subcontractor shall refund to Contractor all monies the latter may be compelled to pay in discharging such lien, including all court costs and expenses and reasonable attorney's fees. The acceptance of final payment shall constitute a release of all claims by Subcontractor except those previously made in writing and identified by Subcontractor as unsettled at the time of the final application for payment.

11.3. EVIDENCE OF PAYMENT. Before issuance of the final payment, the Subcontractor, if required, shall submit evidence satisfactory to the Contractor that all payrolls, bills for materials and equipment, and all known indebtedness connected with the Subcontractor's Work have been satisfied.

11.4. SUB-SUBCONTRACTORS AND PROVIDERS. Subcontractor shall keep Contractor informed of all sub-subcontractors, and all materials and/or service providers of any tier who provide materials or service for any part of the Work in excess of One Thousand Dollars (\$1,000.00) by completing, submitting and updating as appropriate Exhibit G attached hereto.

11.5. ADVANCE WAIVER OF LIENS. To the greatest extent permitted by law, Subcontractor hereby waives in advance of any rights Subcontractor may have by statute, law, rule, regulation or otherwise to assert or maintain any lien on the Owner's interest in the property consisting of the Project. This waiver is given knowingly and voluntarily, and after opportunity to consult with Subcontractor's attorney.

12. INSURANCE AND BONDS.

12.1. COVERAGES.

12.1.1. Before the Subcontractor commences any Work pursuant to this Subcontract, the Subcontractor shall obtain and maintain throughout the term of the Subcontract, insurance of the types and in the minimum amounts set forth on Exhibit H. Self-insured retentions and/or deductibles may not be more than Ten Thousand Dollars (\$10,000.00). Acceptance of any insurance by Contractor shall not relieve or decrease the liability of the Subcontractor.

12.1.2. Coverages must be maintained with financially secure insurance companies licensed to do business in the State where the Project is located, have a Best's Guide Rating of not less than A-VI and must otherwise be acceptable to Owner and Contractor. Coverage must be maintained without interruption from date of commencement of the Work until date of final payment, and Contractor, Developer, Owner, and the Operator, their parent and subsidiary companies, together with their employees, officers agents, members and directors shall be named as additional insureds and Lender where required, under Subcontractor's Commercial General Liability policy, Automobile liability policy, Product/Completed Operations Coverage and the Umbrella/Excess Insurance. The additional insured coverage is to be provided by ISO form CG 20100704, or CG20370704, or equivalent forms, a copy of which will be provided with the certificate of insurance. All such policies shall apply as primary and non-contributory insurance with respect to any other insurance or self-insurance programs afforded to the indemnitied and/or additional insured's identified within this agreement.

12.1.3. Certificates of insurance acceptable to the Contractor, together with all appropriate endorsements, shall be filed with the Contractor prior to commencement of the Subcontractor's Work, and at least ten (10) days prior to the expiration of any policy. These certificates and the insurance policies required by this Article 12 shall contain an endorsement that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the Contractor. If any of the foregoing insurance coverages are required to remain in force after final payment and are reasonably available, an additional certificate evidencing continuation of such coverage shall be submitted with the final application for payment as required in Article 11. If requested by Contractor, Subcontractor shall provide certified copies of all such policies to Contractor within ten (10) days of such request. Subcontractor must immediately notify Contractor of any reduction or restriction in the required insurance that takes place during the term of the Subcontract, and/or in the event the insurer notifies the Subcontractor of its intent not to renew coverage.

12.1.4. The Contractor shall furnish to the Subcontractor upon demand, satisfactory evidence of insurance required of the Contractor under the Prime Contract.

12.1.5. If Subcontractor fails to secure and maintain the required insurance, Contractor shall have the right (without any obligation to do so, however) to secure same in the name and for the account of the Subcontractor in which event the Subcontractor shall pay the costs thereof to Contractor upon demand and furnish upon demand all information that may be required in connection therewith.

Contract Number: 15P

12.1.6. The insurance provisions of this Subcontract shall not be construed as a limitation on the Subcontract's responsibilities and liabilities pursuant to the terms and conditions of the Subcontract, including, but not limited to, liability for claims in excess of the insurance limits and coverages set forth herein.

12.1.7. The Subcontractor shall not make changes in or allow the required insurance coverages to lapse without the Contractor's prior written approval thereto.

12.2. **WAIVERS OF SUBROGATION.** The Contractor and Subcontractor waive all rights against (1) each other and any of their Subcontractors, sub-subcontractors, agents, employees, officers, members and directors, each of the other, and (2) the Owner, Developer, Operator, and any of their Subcontractors, sub-subcontractors, agents, employees, officers, members and directors, for damages caused by fire or other perils to the extent covered by property insurance provided under the Prime Contract or other property insurance applicable to the Work, except such rights as they may have to proceeds of such insurance held by the Owner as fiduciary. The Subcontractor shall require of the Subcontractor's sub-subcontractors, agents and employees, by appropriate agreements, written where legally required for validity, similar waivers in favor of other parties enumerated herein. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

12.3. The Contractor shall promptly, upon request of the Subcontractor, furnish a copy or permit a copy to be made of any bond covering payment of obligations arising under the Subcontract.

12.4. **Performance Bond and Payment Bond:**

Bond Required for the payment and performance bonds. All bonds must be in the AIA312 format or equal. Cost of bond is on bonding company's invoice at standard rates. Subcontractor must include the names of the Owner and Lender on all bonds as a dual obligee. Subcontractor can provide this information through a dual obligee rider. Two original copies of all bonds are required and should be forwarded to the Corporate Office located at 991 Corporate Boulevard, Linthicum, MD 21090.

Unless waived by Contractor in this Subsection 12.4, prior to the commencement of the Work, Subcontractor shall pay for and deliver to Owner acceptable, statutory payment and performance bonds in the full amount of the Subcontract sum issued by a surety acceptable to Owner.

13. **SETTLEMENT OF DISPUTES.**

13.1. In the event of any dispute involving the Work performed or to be performed, Contractor shall issue a decision which shall be followed by Subcontractor, without interruption, deficiency, or delay. If Subcontractor does not agree with such decision, Subcontractor may make a claim under Section 7.3. and the matter shall be resolved as set forth in Article 13.2. or 13.3. as applicable. If the Subcontractor prevails, Subcontractor's sole remedy shall be an equitable adjustment determined as provided in Section 13.2. or 13.3. as applicable. In addition to notice required by Article 9 or the Subcontract Documents, notification of any claim for the equitable adjustment must be asserted in writing not later than ten (10) days after Subcontractor's knowledge of the claim, and if Section 13.2. is applicable, within sufficient time to allow Contractor to give notice to the Owner under the Subcontract Documents.

13.2. In case of any dispute between Contractor and Subcontractor, in any way relating to or arising from any act or omission of the Owner or involving the Subcontract Documents, Subcontractor agrees to be bound to Contractor to the same extent that Contractor is bound to the Owner, by the terms of the Subcontract Documents, and by any and all preliminary and final decisions or determinations made thereunder by the party, board or court so authorized in the Subcontract Documents or by law, whether or not Subcontractor is a party to such proceedings. In case of such dispute, Subcontractor will comply with all provisions of the Subcontract Documents allowing a reasonable time for Contractor to analyze and forward to the Owner any required communications or documentation. Contractor will, at its option, (1) present to the Owner, in Contractor's name, or (2) authorize Subcontractor to present to the Owner, in Contractor's name, all of Subcontractor's claims and answer the Owner's claims involving Subcontractor's Work, whenever Contractor is permitted to do so by the terms of the Subcontract Documents. Contractor will further invoke on behalf of Subcontractor, or allow Subcontractor to invoke, those provisions in the Subcontract Documents for determining disputes. If such dispute is prosecuted or defended by Contractor, Subcontractor, at its own expense, agrees to furnish all documents, statements, witnesses, and other information required by Contractor and to pay or reimburse Contractor for all costs incurred by Contractor in connection with the dispute including attorneys' fees and court costs.

13.3. To the extent not resolved under Section 13.2 above, any dispute between Contractor and Subcontractor shall, at Contractor's sole option, be decided by litigation. DUE TO THE SPECIALIZED NATURE OF CONSTRUCTION LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHT TO A TRIAL BY JURY.

14. **MISCELLANEOUS PROVISIONS.**

14.2. MERIT SHOP. The Subcontractor acknowledges that this Project is being built as a "Merit Shop" project, and therefore is not under jurisdiction of union work rules. The Subcontractor agrees to comply with the work rules as established by Contractor, and not to interfere with the employees or work of Contractor or other subcontractors and suppliers involved with this Project. Failure to comply with this provision may result in termination of the Subcontract at the sole discretion of Contractor.

14.3. PRIVACY. Until Subcontractor's obligations under this Subcontract are completely fulfilled, Subcontractor agrees not to perform any Work directly for the Owner or deal directly with the Owner's representatives in connection with the Project, unless otherwise directed in writing by Contractor. All Work for this Project performed by Subcontractor shall be processed and handled exclusively by Contractor.

14.4. VEHICLES. All vehicles are to be operated in accordance with the traffic and parking rules and regulations of the Operator and the Contractor. Violation of these rules may result in the vehicle being towed at the owner's expense, and the vehicle and operator being banned from the site. All workers authorized to park within the site must obtain parking passes from the Contractor's office and must display the parking passes whenever the vehicle is on the site. Subcontractor's employees, agents and sub-subcontractors may park vehicles only in areas on or off-site as designated for parking by Owner or Contractor.

14.5. RESIDENTS OF RETIREMENT COMMUNITY. The safety and protection of the residents of the Project is of paramount importance to the Contractor. Subcontractor, its workers, suppliers, and sub-subcontractors must adhere to all traffic regulations, noise restrictions, and other safety standards established by the Contractor and the Operator. Residents of the Project must be treated with courtesy and respect at all times. In the event that the buildings are occupied while the Subcontractor is performing work on the Project, all courtesy is to be extended to the residents and precautions taken to avoid any disruption or inconvenience during this usage.

14.6. SIGNS. No signs may be placed on any portion of the site and/or building without written permission of Owner.

14.7. COMMUNICATIONS. It is agreed and understood that all communications by or through Subcontractor to the Architect, Engineer, Owner, Developer or any representative thereof shall be made through Contractor.

14.8. EXAMINATION OF PRIOR WORK. Subcontractor shall carefully examine the work of others which may affect the Work and shall notify Contractor in writing, completely detailing and supporting any apparent deficiencies therein before performing the Work; otherwise, such other Work shall be deemed acceptable to Subcontractor and Subcontractor shall be deemed to have waived all claims with respect thereto.

14.9. INVALIDITY. If any provision of the Subcontract is found to be invalid, unenforceable or unlawful, such provision shall be enforced in such manner as shall most nearly affect the intent of the parties and yet conform to the law applicable thereto and the remainder of the Subcontract Documents shall remain in full force and effect.

14.10. NOTICES. Except as stated in Section 10.1 of this Agreement, all notices, requests, approvals and other communications required or permitted to be delivered under the Subcontract must be in writing and shall be effective upon: (a) the date of delivery if hand-delivered to the other party or forwarded by facsimile to a number provided and authorized for delivery of notices by the receiving party; (b) the date of transmission if sent by telegram; (c) the date after mailing if sent by overnight commercial carrier; or (d) three (3) business days after mailing if sent by U.S. mail. Except for the use of facsimiles, if permitted, all notices must be sent to the addresses listed in the introductory paragraph of this Agreement, or to such other address as may be expressly designated in writing by either party as the correct address for notices, requests, approvals and other communications.

14.11. INDEPENDENT CONTRACTOR. Subcontractor is an independent contractor and hereby assumes all of the rights, duties, obligations and liabilities thereby arising.

14.12. WAIVER. Any failure by Contractor at any time or from time to time to enforce or require the strict performance of any of the terms or conditions hereof shall not affect or impair Contractor's right to at any time thereafter avail itself of the remedies available for the subsequent breach of such terms or conditions.

14.13. GOVERNING LAW. The Subcontract shall be governed by the law of the State in which the Project is located. No presumption shall be deemed to exist in favor of or against either party as a result of the preparation and/or negotiation of the Subcontract.

The Subcontract and Subcontract Documents are subject to the Contract between the Owner and Contractor, the General Conditions, and the Additional Supplementary General Conditions.

14.14. EQUAL OPPORTUNITY. Subcontractor agrees not to discriminate against any employee or applicant for employment because of race, religion, sex, handicap or national origin.

Notwithstanding the foregoing, Subcontractor, Contractor and Owner agree that this Agreement shall govern Owner's payment obligations to Contractor and Contractor's payments to Subcontractor and shall control over any contrary or additional obligations or requirements issued by the Virginia Contractor and Subcontractor Payment Act, 73 P.S. §502 et seq. The Subcontractor shall take all appropriate precautions with respect to performance of this Subcontract, shall comply with safety measures initiated by the Owner or the Contractor, and shall comply with all applicable laws, ordinances, rules, regulations and orders of public authorities for the safety of persons or property. The Subcontractor shall report to the Contractor within twenty-four (24) hours an injury to any employee or agent of the Subcontractor which occurred at the site. Subcontractor shall be solely responsible for providing a safe place to work for its agents, employees and sub-subcontractors. Subcontractor shall implement and enforce

Contract Number: 15P

a health and safety program for its employees and sub-subcontractors on the site, which program shall be at least as effective as the Health and Safety Program of Contractor. Subcontractor's employees and sub-subcontractors on the site shall obey the directives of Contractor's Project Manager, Superintendent and Safety Director. All of Subcontractor's employees, agents and contractors must attend the safety meetings held by Contractor's Safety Director, or, in lieu of such attendance, Subcontractor must provide to Contractor the minutes and attendance of all safety meetings conducted by Subcontractor, within two (2) days following the completion of such safety meetings.

6.4.2. If hazardous substances of a type of which an employer is required by law to notify its employees are being used on the site by the Subcontractor, the Subcontractor's sub-subcontractors, or anyone directly or indirectly employed by them, the Subcontractor shall, at least three (3) days before bringing such substances onto the Site, provide Contractor with a materials data sheet for such substances, and give written notice of the chemical composition of such substances to Contractor. Subcontractor will comply with all laws regarding Subcontractor's use and handling of such hazardous substances by Subcontractor or Subcontractor's sub-subcontractors, agents and employees.

6.4.3. Contractor reserves the right to require Subcontractor to perform from time to time, at Subcontractor's cost, drug testing of all or any of Subcontractor's agents, employees and sub-subcontractors. Such testing must be done with testing companies selected or approved by Contractor. Subcontractor must prohibit from the Work Site any persons that test positively for drug use. Contractor shall be entitled to prohibit from the site any persons that Contractor deems to be disruptive to the smooth construction of the Project.

6.5. **CLEANING UP.** The Subcontractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations performed under this Subcontract. Subcontractor shall at all times keep the Subcontractor's work area; keep the premises free from rubbish, debris and waste and surplus materials resulting from its operations; and shall turn over the work area in such condition as to permit the next succeeding work to be commenced without further cleaning. If Subcontractor fails to comply with the provisions of this Section, Contractor shall have the right itself or through others to perform such cleaning and to charge the cost thereof to Subcontractor, plus overhead charges of twenty-five percent (25%), provided the Subcontractor is given a twenty-four (24) hour written notice of such delinquency and fails to remedy same. Subcontractor shall not damage the work of others by its performance of its obligations under the Subcontract and shall indemnify Contractor for damage caused by Subcontractor or its agents to the work of Contractor, and other contractors, including court costs and attorney's fees.

6.6. **WARRANTY.** In addition to any product warranties required by the Subcontract, the Subcontractor warrants to Contractor that all material and equipment incorporated in the Work will be new unless otherwise specified, and that all Work will be of good quality, free from faults and defect and in conformance with the Prime Contract and the Subcontract. All Work not conforming to these requirements may be considered defective. Subcontractor shall, promptly upon request of Contractor, furnish all labor, materials and supervision necessary to correct or replace any defective or nonconforming Work and any damage caused by such defect or fault, at no cost to Contractor or Owner, for a period of one (1) year from the date of Final Payment, except for latent defects, which shall be for a period of six (6) months following the discovery of such latent defect. This warranty shall run to and be enforceable by Owner, Contractor, and their successors and assigns. This warranty shall be in addition to and not in limitation of any other warranty or remedy provided by law or by the Subcontract.

6.7. **INDEMNIFICATION.** To the fullest extent permitted by law, the Subcontractor shall indemnify, defend and hold harmless the Owner, Contractor, Operator, Developer, their respective parent and subsidiaries, and their respective agents, officers, employees, members and directors of any of them from and against claims, damages, losses and expenses, including but not limited to attorney's fees and court costs, arising out of or resulting from performance of the Subcontractor's Work under this Subcontract, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property, including loss of use resulting therefrom, but only to the extent caused in whole or in part by negligent or intentional acts or omissions of the Subcontractor, the Subcontractor's sub-subcontractors, materialmen or suppliers, anyone directly or indirectly employed by them or anyone for whose acts they may be liable. Such obligation shall not be construed to negate, abridge, or otherwise reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Section 6.7.

7. CHANGES IN THE WORK.

7.1. **CONTRACTOR CHANGES.** Contractor may at any time make changes in the Work either:

- (a) By written change order signed by Contractor and Subcontractor prior to commencement specifying the changes to be made and the increase or decrease in the Subcontract Sum and extension of time, if any; or
- (b) By written direction to Subcontractor to proceed with changes in the Work, specifying the changes to be made and specifically stating that an equitable adjustment in the Subcontract Sum will be made, based on the time and materials to perform such changes; or
- (c) By written direction to Subcontractor to proceed with changes in the Work, specifying the changes to be made and specifically stating that the Subcontract Sum shall be adjusted based on actual costs of performing such changes based on time and materials, plus a fixed fee, to be set in such change order.

Contract Number: 15P

7.2. OBLIGATION TO PROCEED. Subcontractor shall proceed with the changes ordered so as not to delay the Work. In the event Contractor changes the Work pursuant to 7.1(b) above, Subcontractor shall file with Contractor within seven (7) days from the date of such order Subcontractor's written itemized estimate for the cost of performing the changes to be made. If mutual agreement on the cost is reached, Subcontractor and Contractor will execute a written change order executed by the authorized officers or designees of Contractor and Subcontractor. If mutual agreement cannot be reached and the changes are required by Contractor, the Work shall proceed and Subcontractor shall be entitled to a reasonable adjustment in the Subcontract sum and in the time for performance of the work to the extent such adjustments are focused by the Contractor's written change order. If the extra Work or changes are required by Contractor, Subcontractor does not waive its right by proceeding under protest provided it so notifies Contractor in writing within five (5) days from submittal of the itemized estimate referred to above.

7.3. COST AND TIME. Subcontractor shall respond to a proposed change within seven (7) days of request by Contractor. In the event that a Subcontractor change order response is not delivered to the Contractor by the date required, it shall be conclusively presumed that such proposed change does not result in a change in Subcontractor's cost or construction time, and all work and materials called for by the proposed change order shall be provided by Subcontractor at no additional cost or delay to Contractor. For changes in the work for which contractual unit prices, if any, do not apply, the Subcontractor shall submit an itemized breakdown of his estimated cost for such changes with the following percentages for overhead and profit combined: Fifteen percent (15%) on work performed by Subcontractor's own forces or by sub-subcontractors and five percent (5%) on work performed on behalf of Subcontractor by a sub-subcontractor.

8. TERMINATION, REMEDIES FOR DEFAULT AND ASSIGNMENT OF THE SUBCONTRACT.

8.1. TERMINATION BY THE SUBCONTRACTOR. The Subcontractor may terminate the Subcontract if Contractor fails to pay to Subcontractors any sums due to Subcontractor within forty-five (45) days following the date such sums were due and payable to Subcontractor. Such termination shall only be effective if Subcontractor makes written demand for such payment to Contractor following the expiration of such forty-five (45) day period and Contractor fails to pay all sums then due and payable within ten (10) days following receipt of Subcontractor's demand. In the event of such termination by the Subcontractor, the Subcontractor shall be entitled to recover from the Contractor payment for Work executed to date of termination and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery (but not for anticipated profits).

8.2. TERMINATION BY THE CONTRACTOR.

8.2.1. If the Subcontractor (i) fails or neglects to carry out the Work in accordance with the Subcontract or otherwise to perform in accordance with this Subcontract; and (ii) fails within thirty-six (36) hours after receipt of notice to correct such default or neglect, the Contractor, in addition to Contractor's remedies under Section 8.3 and 8.4 of this Subcontract, may immediately and without further notice to Subcontractor terminate the Subcontract.

8.2.2. For its convenience, the Contractor shall have the right to terminate this Subcontract for any reason by giving the Subcontractor written notice of termination. Such termination for the Contractor's convenience shall be effective upon Subcontractor's receipt of written notice of such termination. Termination for default, if wrongfully made, shall be treated as a termination for convenience. In the event that the Subcontractor is terminated for the convenience of the Contractor, the Subcontractor shall be paid a pro rata percentage of the Subcontract Sum equal to the percentage of Work in place, less payments theretofore received by the Subcontractor. In no event shall the Subcontractor be entitled to receive payment for anticipated profits for unperformed Work.

8.3. CONTRACTOR'S REMEDIES. Should Subcontractor (a) fail to correct, replace and/or re-execute faulty or defective Work and/or materials furnished under the Subcontract; (b) fail to complete or diligently proceed with the Work in accordance with the agreed upon schedule; (c) fail to correct or repair any damage to the Project caused by the acts or omissions of Subcontractor; or (d) otherwise be in default of any provision of the Subcontract, if such failure or default is not corrected, then Contractor shall have the right to correct, replace or otherwise remedy and such defect, deficiencies or delayed performance by any reasonable and expedient means, including taking over or supplementing Subcontractor's Work and materials and employing such additional labor, equipment and materials as may be necessary to cure the default and achieve compliance with the Subcontract. In such event, Contractor may deduct from any sums due to Subcontractor the cost of performing such work and correcting such deficiencies, plus overhead of fifteen percent (15%) of such cost. If payments then or thereafter due Subcontractor are not sufficient to cover such amount, Subcontractor shall promptly pay the difference to Contractor. The remedies of Contractor under this subparagraph are in addition to any other remedies available to Contractor under the Subcontract or available at law or in equity.

8.4. CONTRACTOR'S ADDITIONAL REMEDIES. Subcontractor shall reimburse Contractor for any loss, damage or extra expense paid or incurred by Contractor which is due to Subcontractor's failure to supply materials, labor, or to properly perform the Work in accordance with the Subcontract Documents. Subcontractor's failure to perform shall include the failure of its lower-tier subcontractors to perform. Subcontractor's liability shall include but not be limited to (1) damages and other delay costs payable by Contractor to the Owner; (2) Contractor's increased costs of performance, such as extended overhead and increased performance costs resulting from Subcontractor-caused delays or improper Subcontractor Work; (3) warranty and rework costs; (4) liability to third parties; (5) excess procurement costs; (6) consultants' fees; and (7) attorneys' fees and court costs. Contractor may take over any of Subcontractor's outstanding sub-subcontracts and purchase orders and take possession of all tools, equipment, scaffolds, material and supplies of Subcontractor which are on the Project site, in transit to, or especially manufactured for, the Work for use in completion of the

Contract Number: 15P

Project. Contractor is hereby granted a lien on all such property to secure Subcontractor's performance under this Subcontract. Subcontractor shall, upon request of Contractor, execute and deliver to Contractor all documents and take all such steps to effect the legal assignment of Subcontractor's contractual rights under such sub-subcontracts and purchase orders, but Contractor shall not be required to assume any of Subcontractor's outstanding obligations thereunder.

8.5. ASSIGNMENT OF THE SUBCONTRACT.

8.5.1. In the event of termination of the Prime Contract by the Owner, the Contractor may assign this Subcontract to the Owner, with the Owner's agreement, subject to the provisions of the Prime Contract and to the prior rights of the surety, if any, obligated under bonds relating to the Prime Contract.

8.5.2. The Subcontractor shall not assign this Subcontract without the written consent of the Contractor, nor subcontract the whole or any portion of this Subcontract without the written consent of the Contractor.

9. MUTUAL RIGHTS AND RESPONSIBILITIES.

The Contractor and Subcontractor shall be mutually bound by the terms of this Subcontract and, to the extent that provisions of the Prime Contract apply to the Work of the Subcontractor, the Contractor shall assume toward the Subcontractor all obligations and responsibilities that the Owner, under the Prime Contract, assumes toward the Contractor, and the Subcontractor shall assume toward the Contractor all obligations and responsibilities which the Contractor, under the Prime Contract, assumes toward the Owner and the Architect. The Contractor shall have the benefit of all rights, remedies and redress against the Subcontractor which the Owner, under the Prime Contract, has against the Contractor, and the Subcontractor shall have the benefit of all rights, remedies and redress against the Contractor which the Contractor, under the Prime Contract, has against the Owner, insofar as applicable to this Subcontract. Where a provision of the Prime Contract is inconsistent with a provision of this Subcontract, this Subcontract shall govern.

10. PROGRESS PAYMENTS.

10.1. APPLICATIONS FOR PAYMENT.

SUBCONTRACTOR SHALL SUBMIT ALL REQUISITIONS AND APPLICATIONS FOR PAYMENT FOR PAYMENT PROCESSING TO: ERICKSON CONSTRUCTION, LLC; Michael Sights 21065 Cardinal Pond Terrace, Ashburn, Va, 20147 OR TO SUCH OTHER ADDRESS AS CONTRACTOR MAY DIRECT.

10.1.1. Based upon applications for payment submitted to the Contractor by the Subcontractor, corresponding to Applications for Payment submitted by the Contractor to the Owner, and Certificates for Payment issued by the Owner, the Contractor shall make progress payments on account of the Subcontract Sum to the Subcontractor as provided below and elsewhere in the Subcontract. Each application for payment shall be in the form attached hereto as Exhibit D, or such other form as may otherwise be requested by Owner, and must include a Partial Release of Liens in either the form attached hereto as Exhibit E, or such other form as may otherwise be requested by Owner, and with such detail substantiating Subcontractors right to payment.

10.1.2. The period covered by each application for payment submitted by Subcontractor shall be one (1) calendar month ending on the last day of the calendar month. Each application for payment must be based on actual work performed by or under Subcontractor through the 19th day of the month, and the reasonably estimated work to be performed by or under Subcontractor during the balance of the month.

10.1.3. Provided an application for payment is received by the Contractor not later than the 20th day of a month, the Contractor shall include the Subcontractor's Work covered by that application in the next Application for Payment which the Contractor is entitled to submit to the Owner. Subcontractor's progress payments shall be due and payable within ten (10) working days after the Contractor receives payment for the Subcontractor's Work from the Owner. If the Owner or Architect fails to issue a Certificate for Payment or the Owner fails to pay Contractor for Subcontractor's Work within forty-five (45) days following the applicable Application for Payment, and such failure is not the fault of the Subcontractor or Subcontractor's sub-subcontractors, the Contractor shall pay the Subcontractor, within ten (10) days following demand, a progress payment computed as provided in Section 10.2 of this Subcontract. Notwithstanding the foregoing, payments to Subcontractor may be withheld on account of (i) defective Work not remedied, (ii) claims filed, (iii) damage to Contractor or another subcontractor or (iv) failure to carry out the Work in accordance with the Subcontract.

10.1.4. If an application for payment is received by the Contractor on or after the 21st day of any calendar month, the Subcontractor's Work covered by such application shall be included by the Contractor in the next Application for Payment submitted to the Owner.

10.1.5. Each application for payment shall be based upon the most recent schedule of values approved by the Contractor in accordance with Section 4.4 of this Subcontract. Applications for payment submitted by the Subcontractor shall indicate the percentage of completion of each portion of the Work as of the end of the period covered by the Subcontractor's application for payment.

Contract Number: 15P

10.1.6. Subcontractor shall pay all claimants for all costs and expenses resulting from the performance of the Work and for all labor and materials used. Subcontractor is liable for and shall hold Contractor and Owner harmless from and indemnify Contractor and Owner for all court costs, attorney's fees and damages resulting from claims by sub-subcontractors and Subcontractor's suppliers and all liens and all claims of persons furnishing material or labor on behalf of Subcontractor in connection with the Work. Subcontractor shall deliver to Contractor with each application for payment recordable affidavits and lien releases or waivers acceptable to Contractor from Subcontractor and Subcontractor's sub-subcontractors and suppliers. In the event any person or entity claiming by, through or under Subcontractor notifies Contractor of any non-payment or seeks to encumber funds held by Contractor and payable to Subcontractor or files a lien or other claim against the Project, or Contractor's interest therein, Subcontractor shall within three (3) days notify Contractor if Subcontractor disputes such claim. If at any time a lien has been filed against Contractor, the Owner, the Project or any sums held by Contractor by any person or entity claiming through Subcontractor, Subcontractor shall, within seven (7) days of receipt of notice of such lien pay the claim and cause the lien to be released or shall file a bond in lieu of the payment of such lien and shall cause the lien to be released from the project.

10.1.7. Notwithstanding the foregoing, if such lien or claim is due solely to sums wrongfully held by Contractor, Subcontractor shall not have any obligation to hold harmless or indemnify Contractor against such lien or claim.

10.2. **PROGRESS PAYMENTS.** Subject to the provisions of the Subcontract, the amount of each progress payment shall be computed as follows:

10.2.1. Take that portion of the Subcontract Sum properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Subcontractor's Work by the share of the total Subcontract Sum allocated to that portion of the Subcontractor's Work in the schedule of values, less that percentage actually retained, if any, from payments to the Contractor on account of the Work of the Subcontractor;

10.2.2. Add that portion of the Subcontract Sum properly allocable to materials and equipment delivered and suitably stored at the site by the Subcontractor for subsequent incorporation in the Subcontractor's Work or, if approved in advance in writing by the Owner, suitably stored off the site at a location agreed upon in writing, less the same percentage retainage required by the Prime Contract to be applied to such materials and equipment in the Contractor's Application for Payment;

10.2.3. Subtract the aggregate of previous payments made by the Contractor; and

10.2.4. Subtract amounts, if any, calculated under Subparagraph 10.2.1 or 10.2.2 which are related to Work of the Subcontractor for which the Architect has withheld or nullified, in whole or in part, a Certificate of Payment for a cause which is the fault of the Subcontractor or Subcontractor's sub-subcontractors.

10.2.5. All periodic payments by Contractor shall be subject to a retainage, to be held by Contractor, of ten percent (10%) of the amount billed by Subcontractor. To the extent approved or permitted by Owner and any lender providing financing for all or any part of the Work, and if Subcontractor is in compliance with the terms of the Subcontract, the aggregate amount of the retainage, subject to offset for defects and deficiencies, shall be reduced to five percent (5%) upon the Work achieving fifty percent (50%) completion and acceptance thereof by Contractor and Owner. No periodic payment by Contractor shall be deemed to constitute acceptance of any faulty or defective Work.

10.3. **STORED MATERIALS.** Notwithstanding the provisions of Subsection 10.2., payment for stored materials may be conditioned on delivery to the Owner of bills of sale (which shall include a complete description, including photographs, bills of lading, serial numbers, warehouse receipts and/or inventories, as appropriate for Owner to identify the stored materials) and such other procedures satisfactory to Owner to establish the Owner's title and to insure and otherwise protect the Owner's interest in and to such stored materials, unless requested otherwise by Contractor. Subcontractor shall schedule the materials to prevent the arrival of major items well in advance of their incorporation into the improvements.

10.4. **SUBSTANTIAL COMPLETION.** When the Work or a designated portion thereof is substantially complete in accordance with the requirements of the Prime Contract, the Contractor shall, upon application by the Subcontractor, make prompt application for payment for such Work. Within thirty (30) days following issuance by the Owner of the Certificate for Payment covering such substantially completed Work, the Contractor shall, to the full extent allowed in the Prime Contract, make payment to the Subcontractor, deducting any portion of the funds for the Work withheld in accordance with the Certificate of Payment to cover costs of items to be completed or corrected by the Subcontractor. Such payment to the Subcontractor shall be the entire unpaid balance of the

Subcontract Sum if a full release of retainage is allowed under the Prime Contract for the Work prior to the completion of the entire Project. If the Prime Contract does not allow for a full release of retainage, then such payment shall be an amount which, when added to previous payments to the Subcontractor, will reduce the retainage on the Subcontractor's substantially completed Work to the same percentage of retainage as that on the Contractor's work covered by the Certificate of Payment.

11. FINAL PAYMENT.

Contract Number: 15P

11.1. **TIME.** Subject to the provisions of Section 10.4, final payment, constituting the entire unpaid balance of the Subcontract Sum, shall be made by the Contractor to the Subcontractor when the Work is fully performed in accordance with the requirements of the Subcontract, Subcontractor has filed a final application for payment, the Owner has issued a Certificate for Payment covering the Subcontractor's completed Work and the Contractor has received payment from the Owner. If a Certificate for Payment is not issued within forty-five (45) days of Contractor's application for payment, or the Contractor does not receive from the Owner payment within forty-five (45) days of Contractor's application for payment, and such payment is otherwise due to Subcontractor and such failure is not due to any fault of Subcontractor, final payment to the Subcontractor shall be made upon demand.

11.2. **LIEN WAIVERS.** Final payment shall not be due until Subcontractor has delivered to Contractor a complete, recordable affidavit and release of all liens arising out of this Subcontract, in the form attached hereto as Exhibit F, or such other form as may otherwise be requested by Owner, covering all labor, materials and equipment for which a lien could be filed, or a bond satisfactory to the Contractor indemnifying Contractor and the Project against any and all lien(s). If any lien remains unsatisfied after all payments are made, Subcontractor shall refund to Contractor all monies the latter may be compelled to pay in discharging such lien, including all court costs and expenses and reasonable attorney's fees. The acceptance of final payment shall constitute a release of all claims by Subcontractor except those previously made in writing and identified by Subcontractor as unsettled at the time of the final application for payment.

11.3. **EVIDENCE OF PAYMENT.** Before issuance of the final payment, the Subcontractor, if required, shall submit evidence satisfactory to the Contractor that all payrolls, bills for materials and equipment, and all known indebtedness connected with the Subcontractor's Work have been satisfied.

11.4. **SUB-SUBCONTRACTORS AND PROVIDERS.** Subcontractor shall keep Contractor informed of all sub-subcontractors, and all materials and/or service providers of any tier who provide materials or service for any part of the Work in excess of One Thousand Dollars (\$1,000.00) by completing, submitting and updating as appropriate Exhibit G attached hereto.

11.5. **ADVANCE WAIVER OF LIENS.** To the greatest extent permitted by law, Subcontractor hereby waives in advance of any rights Subcontractor may have by statute, law, rule, regulation or otherwise to assert or maintain any lien on the Owner's interest in the property consisting of the Project. This waiver is given knowingly and voluntarily, and after opportunity to consult with Subcontractor's attorney.

12. INSURANCE AND BONDS.

12.1. COVERAGES.

12.1.1. Before the Subcontractor commences any Work pursuant to this Subcontract, the Subcontractor shall obtain and maintain throughout the term of the Subcontract, insurance of the types and in the minimum amounts set forth on Exhibit H. Self-insured retentions and/or deductibles may not be more than Ten Thousand Dollars (\$10,000.00). Acceptance of any insurance by Contractor shall not relieve or decrease the liability of the Subcontractor.

12.1.2. Coverages must be maintained with financially secure insurance companies licensed to do business in the State where the Project is located, have a Best's Guide Rating of not less than A-VI and must otherwise be acceptable to Owner and Contractor. Coverage must be maintained without interruption from date of commencement of the Work until date of final payment, and Contractor, Developer, Owner, and the Operator, their parent and subsidiary companies, together with their employees, officers agents, members and directors shall be named as additional insureds and Lender where required, under Subcontractor's Commercial General Liability policy, Automobile liability policy, Product/Completed Operations Coverage and the Umbrella/Excess Insurance. The additional insured coverage is to be provided by ISO form CG 20100704, or CG20370704, or equivalent forms, a copy of which will be provided with the certificate of insurance. All such policies shall apply as primary and non-contributory insurance with respect to any other insurance or self-insurance programs afforded to the indemnities and/or additional insured's identified within this agreement.

12.1.3. Certificates of insurance acceptable to the Contractor, together with all appropriate endorsements, shall be filed with the Contractor prior to commencement of the Subcontractor's Work, and at least ten (10) days prior to the expiration of any policy. These certificates and the insurance policies required by this Article 12 shall contain an endorsement that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the Contractor. If any of the foregoing insurance coverages are required to remain in force after final payment and are reasonably available, an additional certificate evidencing continuation of such coverage shall be submitted with the final application for payment as required in Article 11. If requested by Contractor, Subcontractor shall provide certified copies of all such policies to Contractor within ten (10) days of such request. Subcontractor must immediately notify Contractor of any reduction or restriction in the required insurance that takes place during the term of the Subcontract, and/or in the event the insurer notifies the Subcontractor of its intent not to renew coverage.

12.1.4. The Contractor shall furnish to the Subcontractor upon demand, satisfactory evidence of insurance required of the Contractor under the Prime Contract.

12.1.5. If Subcontractor fails to secure and maintain the required insurance, Contractor shall have the right (without any obligation to do so, however) to secure same in the name and for the account of the Subcontractor in which event the Subcontractor shall pay the costs thereof to Contractor upon demand and furnish upon demand all information that may be required in connection therewith.

Contract Number: 15P

12.1.6. The insurance provisions of this Subcontract shall not be construed as a limitation on the Subcontract's responsibilities and liabilities pursuant to the terms and conditions of the Subcontract, including, but not limited to, liability for claims in excess of the insurance limits and coverages set forth herein.

12.1.7. The Subcontractor shall not make changes in or allow the required insurance coverages to lapse without the Contractor's prior written approval thereto.

12.2. **WAIVERS OF SUBROGATION.** The Contractor and Subcontractor waive all rights against (1) each other and any of their Subcontractors, sub-subcontractors, agents, employees, officers, members and directors, each of the other, and (2) the Owner, Developer, Operator, and any of their Subcontractors, sub-subcontractors, agents, employees, officers, members and directors, for damages caused by fire or other perils to the extent covered by property insurance provided under the Prime Contract or other property insurance applicable to the Work, except such rights as they may have to proceeds of such insurance held by the Owner as fiduciary. The Subcontractor shall require of the Subcontractor's sub-subcontractors, agents and employees, by appropriate agreements, written where legally required for validity, similar waivers in favor of other parties enumerated herein. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

12.3. The Contractor shall promptly, upon request of the Subcontractor, furnish a copy or permit a copy to be made of any bond covering payment of obligations arising under the Subcontract.

12.4. **Performance Bond and Payment Bond:**

Bond Required for the payment and performance bonds. All bonds must be in the AIA312 format or equal. Cost of bond is on bonding company's invoice at standard rates. Subcontractor must include the names of the Owner and Lender on all bonds as a dual obligee. Subcontractor can provide this information through a dual obligee rider. Two original copies of all bonds are required and should be forwarded to the Corporate Office located at 991 Corporate Boulevard, Linthicum, MD 21090.

Unless waived by Contractor in this Subsection 12.4, prior to the commencement of the Work, Subcontractor shall pay for and deliver to Owner acceptable, statutory payment and performance bonds in the full amount of the Subcontract sum issued by a surety acceptable to Owner.

13. **SETTLEMENT OF DISPUTES.**

13.1. In the event of any dispute involving the Work performed or to be performed, Contractor shall issue a decision which shall be followed by Subcontractor, without interruption, deficiency, or delay. If Subcontractor does not agree with such decision, Subcontractor may make a claim under Section 7.3. and the matter shall be resolved as set forth in Article 13.2. or 13.3. as applicable. If the Subcontractor prevails, Subcontractor's sole remedy shall be an equitable adjustment determined as provided in Section 13.2. or 13.3. as applicable. In addition to notice required by Article 9 or the Subcontract Documents, notification of any claim for the equitable adjustment must be asserted in writing not later than ten (10) days after Subcontractor's knowledge of the claim, and if Section 13.2. is applicable, within sufficient time to allow Contractor to give notice to the Owner under the Subcontract Documents.

13.2. In case of any dispute between Contractor and Subcontractor, in any way relating to or arising from any act or omission of the Owner or involving the Subcontract Documents, Subcontractor agrees to be bound to Contractor to the same extent that Contractor is bound to the Owner, by the terms of the Subcontract Documents, and by any and all preliminary and final decisions or determinations made thereunder by the party, board or court so authorized in the Subcontract Documents or by law, whether or not Subcontractor is a party to such proceedings. In case of such dispute, Subcontractor will comply with all provisions of the Subcontract Documents allowing a reasonable time for Contractor to analyze and forward to the Owner any required communications or documentation. Contractor will, at its option, (1) present to the Owner, in Contractor's name, or (2) authorize Subcontractor to present to the Owner, in Contractor's name, all of Subcontractor's claims and answer the Owner's claims involving Subcontractor's Work, whenever Contractor is permitted to do so by the terms of the Subcontract Documents. Contractor will further invoke on behalf of Subcontractor, or allow Subcontractor to invoke, those provisions in the Subcontract Documents for determining disputes. If such dispute is prosecuted or defended by Contractor, Subcontractor, at its own expense, agrees to furnish all documents, statements, witnesses, and other information required by Contractor and to pay or reimburse Contractor for all costs incurred by Contractor in connection with the dispute including attorneys' fees and court costs.

13.3. To the extent not resolved under Section 13.2 above, any dispute between Contractor and Subcontractor shall, at Contractor's sole option, be decided by litigation. DUE TO THE SPECIALIZED NATURE OF CONSTRUCTION LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHT TO A TRIAL BY JURY.

14. **MISCELLANEOUS PROVISIONS.**

Contract Number: 15P

14.1. GENERAL CONDITIONS. Where reference is made in this Agreement to a provision of the General Conditions or another Subcontract Document, the reference refers to that provision as expressly amended or supplemented by other provisions of the Subcontract Documents.

14.2. MERIT SHOP. The Subcontractor acknowledges that this Project is being built as a "Merit Shop" project, and therefore is not under jurisdiction of union work rules. The Subcontractor agrees to comply with the work rules as established by Contractor, and not to interfere with the employees or work of Contractor or other subcontractors and suppliers involved with this Project. Failure to comply with this provision may result in termination of the Subcontract at the sole discretion of Contractor.

14.3. PRIVACY. Until Subcontractor's obligations under this Subcontract are completely fulfilled, Subcontractor agrees not to perform any Work directly for the Owner or deal directly with the Owner's representatives in connection with the Project, unless otherwise directed in writing by Contractor. All Work for this Project performed by Subcontractor shall be processed and handled exclusively by Contractor.

14.4. VEHICLES. All vehicles are to be operated in accordance with the traffic and parking rules and regulations of the Operator and the Contractor. Violation of these rules may result in the vehicle being towed at the owner's expense, and the vehicle and operator being banned from the site. § 1 The Contractor and the Surety, jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 With respect to the Owner, this obligation shall be null and void if the Contractor:

§ 2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and

§ 2.2 Defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Section 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

§ 3 With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

§ 4 The Surety shall have no obligation to Claimants under this Bond until:

§ 4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Section 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

§ 4.2 Claimants who do not have a direct contract with the Contractor:

- 1 Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and

§ 6 When the Claimant has satisfied the conditions of Section 4, the Surety shall promptly and at the Surety's expense take the following actions:

§ 6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

§ 6.2 Pay or arrange for payment of any undisputed amounts.

§ 7 The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 8 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 11 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Section 4.1 or Section 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. § 1 The Contractor and the Surety, jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 With respect to the Owner, this obligation shall be null and void if the Contractor:
§ 2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and

§ 2.2 Defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Section 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

§ 3 With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

§ 4 The Surety shall have no obligation to Claimants under this Bond until:

§ 4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Section 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

§ 4.2 Claimants who do not have a direct contract with the Contractor:

- 1 Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
- 2 Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and
- 3 Not having been paid within the above 30 days, have sent a written notice to the Surety (at the address described in Section 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the Contractor.

§ 5 If a notice required by Section 4 is given by the Owner to the Contractor or to the Surety, that is sufficient compliance.

✓ § 6 When the Claimant has satisfied the conditions of Section 4, the Surety shall promptly and at the Surety's expense take the following actions:

§ 6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

§ 6.2 Pay or arrange for payment of any undisputed amounts.

§ 7 The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 8 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 9 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Section 4.1 or Section 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page. Actual receipt of notice by Surety, the Owner or the Contractor, however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 14 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor shall promptly furnish a copy of this Bond or shall permit a copy to be made.

§ 15 DEFINITIONS

§ 15.1 Claimant: An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Contract. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

§ 15.3 Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms thereof.

AGREEMENT OF INDEMNITY

WHEREAS, at the request of the undersigned, for themselves, their heirs, executors, administrators, successors and assigns (hereafter referred to as "Indemnitors"), and upon the express understanding that this Agreement be executed, The Hanover Insurance Company, Massachusetts Bay Insurance Company and/or Citizens Insurance Company of America and their affiliates, successors, assigns and any subsidiary companies (hereafter individually and collectively referred to as "Surety") has executed, or may in its discretion hereafter execute certain surety contracts, undertakings, and/or other instruments of guarantee or indemnity, and any continuation, extension, amendment, alteration, renewal or substitution thereof (hereafter collectively referred to as "bond" or "bonds") on behalf of the Indemnitors or any one or more of the Indemnitors, in which bonds the Indemnitors hereby affirm they have a substantial, material and beneficial interest.

NOW, THEREFORE, in consideration of the premises, and of the execution or continuance of such bonds, the Indemnitors, jointly and severally, hereby covenant and agree in favor of the Surety as follows.

1. The Indemnitors will promptly pay or cause to be paid in cash to the Surety in advance, or if not in advance, in such manner as may be agreed upon, all premiums and charges of the Surety for such bonds at the rates and times specified by the Surety, and will continue to pay the same where such bonds are continued until the Indemnitors shall serve evidence satisfactory to the Surety of its discharge or release from such bonds and all liability by reason thereof.

2. The Indemnitors shall exonerate, indemnify, and save harmless the Surety from and against every claim, demand, liability, cost, charge, suit, judgment and expense which the Surety may pay or incur, including, but not limited to, loss, interest, court costs and consultant and attorney fees:

- (a) by having executed or procured the execution of the bonds; or
- (b) in making an independent investigation of any claim, demand, or suit; or
- (c) in defending any suit, action, mediation, arbitration or any other proceeding to obtain release from liability whether the Surety, in its sole discretion, elects to employ its own attorney or permits or requires Indemnitors to defend the Surety; or
- (d) in enforcing any of the covenants, terms and conditions of this Agreement.

3. Payment shall be made to the Surety by the Indemnitors as soon as liability exists or is asserted against the Surety, whether or not the Surety shall have made any payment therefor. Such payment to the Surety shall be: a) if the amount asserted as a claim, demand or suit is an ascertainable or liquidated amount, the amount of the claim, demand, or suit asserted against the bond or bonds by any claimant or obligee, plus the amount the Surety deems sufficient, in its sole discretion, to indemnify and hold it harmless from and against any loss, cost, interest, and expense necessary to defend, investigate, or adjust the claim, demand, or suit; or b) if the amount asserted as a claim, demand, or suit is an unascertainable or unliquidated amount, the amount the Surety deems sufficient, in its sole discretion, to indemnify and hold it harmless from and against any loss, cost, interest, and expense necessary to defend, investigate, or adjust the claim, demand, or suit. The Surety shall have the right to hold such funds as collateral (without any obligation to earn interest on the collateral for the Indemnitors) until the Indemnitors serve evidence satisfactory to the Surety of its discharge from all bonds and all liability by reason thereof, and to use such funds or any part thereof, at any time, in payment or settlement of any judgment, claim, liability, loss, damage, fees, or any other expense.

The Surety shall have the exclusive right to adjust, settle, or compromise any claim, demand, suit or any other proceeding arising out of any bond against the Surety and/or the Indemnitors, take whatever action it deems appropriate in response thereto, and its determination of whether to defend or settle the same shall be binding and conclusive upon the Indemnitors. In the event of any payment or disbursement by the Surety, the Indemnitors agree to immediately reimburse the Surety for any and all payments and disbursements made (including, but not limited to, interest from the date of the Surety's payments at the maximum rate allowable) under the Surety's belief that liability for the payments existed or that payment was necessary or expedient, whether or not such liability, necessity or expediency existed. Vouchers or other evidence of payment by the Surety shall be conclusive evidence of the fact and amount of such liability, necessity, or expediency and of the Indemnitors' liability to the Surety therefor.

4. With respect to each bond executed by the Surety in connection with a contract, the Surety is hereby authorized, in its sole discretion, to make or guarantee advances or loans for the purpose of the contract without the necessity of seeing to the application thereof, and the Indemnitors agree both that all such loans and advances, unless repaid with legal interest by the Indemnitors to the Surety when due, shall be conclusively presumed to be an indemnity obligation of the Indemnitors to the Surety, and that the Surety shall have the absolute right to cease making or guaranteeing advances or loans at any time and without notice to the Indemnitors.

5. With respect to each bond executed by the Surety in connection with a contract, the Indemnitors hereby assign, transfer, convey and set over to the Surety:

- (a) all right, title and interest of the Indemnitors in and to all tools, plants, equipment and materials of every nature and description that may now or hereafter be upon the site of the contracted work or elsewhere for the purpose of the contract; and
- (b) all right, title and interest of the Indemnitors in and to the contract including all rights in and to all subcontracts or purchase orders let or to be let in connection therewith; and
- (c) all monies retained, due, or due in the future on account of any contract, whether bonded or unbonded, in which any or all the Indemnitors have an interest; and
- (d) all right, title and interest, or use of any license, patent, trademark or copyright held by Indemnitors in connection with contracted work or required for the completion of any contract.

The assignments shall be effective as of the execution dates of the bonds, but only enforceable upon the occurrence of one or more of the events described in Paragraph 6(a-f).

6. In the event the Indemnitors, or any one or more of them, shall: (a) whether actually or allegedly (as declared by the obligee or owner), delay, default, abandon, forfeit or breach any contract secured by a bond, or (b) fail, neglect, or refuse in any manner to timely pay for any labor or material used in the prosecution of any contract secured by a bond, or (c) change its character, identity, control, beneficial ownership, or existence, or (d) fail to perform, or comply with any of the terms, covenants, or obligations of this Agreement, including, but not limited to, prompt payment of any amount due under this Agreement, or (e) make an assignment for the benefit of creditors, or have any proceedings instituted against them, or any one or more of them, alleging insolvency or involving the appointment of a receiver or trustee whether such Indemnitor(s) is/are insolvent or not, or (f) have proceedings instituted against any of the Indemnitors which have the effect of depriving any of them of the use of any part of the equipment used in connection with any contract work so as to hinder, delay, or impede the normal and satisfactory progress of the work, then the Surety, in its sole discretion, shall have the right, but not the obligation, to take possession of the work under the contract and any other contract, in connection with which the Surety has issued a bond or bond(s) and, at the expense of the Indemnitors, to complete, to arrange for completion, or to agree to the re-letting or completion by the obligee or owner of the contract work.

7. The Indemnitors covenant and agree that all funds due or to become due under any contract secured by a bond, whether in the possession of any Indemnitor or others, are held in trust for the benefit and payment of all obligations incurred in the completion of said contract for which the Surety would be obligated under the bond. The trust shall inure for the benefit of the Surety for any liability or loss under any bond, and this Agreement shall constitute notice of such trust.

8. The Surety, or its designated agents, shall have full and free access to the Indemnitors' books and records at any and all reasonable times until the liability of the Surety under any bond is completely terminated and the claims of the Surety against any Indemnitor are fully satisfied.

9. The Indemnitors irrevocably appoint the Surety as their attorney-in-fact with the power, authority and right to exercise all of the rights of the Indemnitors, or any of one or more of them, which are assigned, transferred and set over to the Surety under this Agreement, or otherwise, including, but not limited to: (a) the right to take possession of all funds due or to become due under any contract and to endorse, in the name of the Indemnitors, or any one or more of them, any check, draft, warrant, or other instruments made or issued in payment of such funds, and to disburse the proceeds thereof for the purposes of the trust provided in Paragraph 7, or in such manner which exonerates, holds harmless, and indemnifies the Surety, (b) the right to execute any other agreements or documents which the Surety, in its sole discretion, deems necessary to vest it in the title, property, and/or funds assigned by the Agreement, or otherwise, and (c) the right in its name or in the name of the Indemnitor(s), but not the obligation, to pursue, prosecute, compromise, release, or otherwise resolve any of the claims, causes of action or other rights assigned, upon such terms as the Surety, in its sole discretion, shall deem appropriate.

10. This Agreement shall constitute a Security Agreement of the Surety and also a Financing Statement, both in accordance with the provisions of the Uniform Commercial Code of every jurisdiction wherein such Code is in effect, and may be so used by the Surety without in any way abrogating, restricting or limiting the rights of the Surety under this Agreement, or under law, or in equity. A copy or reproduction of this Agreement may be filed as a Financing Statement.

11. The Surety may decline to execute any bond (including those for which any application was submitted, any bid or proposal bond was issued by the Surety, or otherwise) without impairing the validity of this Agreement, and the Indemnitors hereby waive any and all claims against the Surety due to its refusal or failure to so execute.

12. The Surety may reduce the amount of the Indemnitors' liability to the Surety under this Agreement by applying as a set off any monies due the Indemnitors by the Surety as a result of any claim any of the Indemnitors, or any entity bonded or insured by the Surety, may have against the Surety.

13. The Indemnitors waive, to the extent permitted by law, so far as their respective obligations under this Agreement are concerned, all rights to claim any property, including their respective homesteads, as exempt from levy, execution, sale or other legal process under the laws of any state, territory, or possession of the United States.

14. The Indemnitors agree to keep themselves fully informed as to the business and financial affairs of each of the other Indemnitors so that the Indemnitors are aware of the risks and hazards of continuing as Indemnitors. The Indemnitors waive notice from the Surety of any act, fact, or information coming to the notice or knowledge of the Surety concerning its rights or liabilities under any bonds executed by the Surety on behalf of Indemnitors, or any one or more of them, or the rights or liabilities of the Indemnitors, whether the Surety has such knowledge or notice before or after the execution of this Agreement.

15. The Surety, in its sole discretion, may agree or refuse to agree to any alteration, amendment, change, modification, limitation, or extension of any bond, and any renewal or other obligation in place or in lieu thereof, or of any contract (or any plans and specifications relating thereto) secured by any bond, and in any such case the Indemnitors shall be liable to the Surety as fully and to the same extent on account of any such altered, amended, changed, modified, limited or extended bond or renewal or substitution thereof, or contract, whenever and as often as made, even though such action does or might substantially increase the liability of the Indemnitors.

16. In the event the Surety procures the execution of the bonds by other sureties, or executes the bonds with co-sureties, or reinsures any portion of said bonds with reinsuring sureties, then all the terms and conditions of this Agreement shall inure for the benefit of such other sureties, co-sureties and reinsuring sureties.

17. No remedy conferred upon or reserved to the Surety by this Agreement is intended to be exclusive of any other remedy or remedies, and each and every other remedy given hereunder or now or hereafter existing at law or in equity or by statute. Every right, power and remedy given by this Agreement to the Surety shall be concurrent and may be pursued separately, successively or together against any Indemnitor, or any one or more of them; and every right, power and remedy given by this Agreement to the Surety may be exercised from time to time as often as may be deemed expedient by the Surety in its sole discretion.

18. The liability of the Indemnitors under this Agreement shall not be affected by the failure of the Indemnitors to sign any bond, nor by the failure of any Indemnitor to receive notice of the execution of any bond, nor by any claim that any other indemnity or security was to be obtained, nor by the release of any indemnity, nor by the return or exchange of any collateral. If any Indemnitor to this Agreement is deemed for any reason (including, but not limited to, any defect in the execution of this Agreement by any Indemnitor) not bound thereby, the Agreement shall still be binding upon each and every other Indemnitor.

19. If any provision or provisions of this Agreement are deemed void or unenforceable under any jurisdiction governing its construction, this Agreement shall not be deemed void or unenforceable thereby, but shall continue in effect and be enforced as though the void or unenforceable provisions are omitted.

20. The Indemnitors waive and subordinate all rights of indemnity, subrogation and contribution each against the other until all obligations to the Surety have been first satisfied in full.

21. This Agreement may be terminated as to any Indemnitor upon 20 days' written notice sent by registered or certified mail to the Surety at its principal bond office, The Hanover Insurance Company, Attention: Bond Department, 440 Lincoln Street, Worcester, Massachusetts, 01653, but any such notice of termination shall not operate to modify, bar, or discharge the Indemnitors as to the bonds that may have been executed prior to such termination.

22. This Agreement may not be changed or modified orally. No change or modification shall be effective unless made by written endorsement executed to form a part hereof.

23. This Agreement applies to bonds written by the Surety at the request of or on behalf of the Indemnitors and any of their wholly or partially owned subsidiary companies, subsidiaries of subsidiaries, divisions or affiliates, partnerships, joint ventures or co-ventures in which any of the Indemnitors, their wholly or partially owned subsidiary companies, subsidiaries of subsidiaries, divisions or affiliates have an interest or participation, whether open or silent; jointly, severally, or in any combination with each other; now in existence or which may hereafter be created or acquired.

IN WITNESS WHEREOF, the Indemnitors who are individuals have hereunder set their hands and seals, and the Indemnitors which are partnerships, corporations or unincorporated associations have caused the Agreement to be duly executed by their authorized representatives on this 30th day of August, in the year of 2005.
