**ATTACHMENT TO PROOF OF CLAIM OF
THE ST PAUL COMPANIES, INC**

The St Paul Companies, Inc , St Paul Fire and Marine Insurance Company, St Paul Guardian Insurance Company, St Paul Mercury Insurance Company and Seaboard Surety Company (collectively, “The St Paul Companies”) file this proof of Contaminant Related Property Claim against Exide Technologies, et al (collectively, the “Debtors”) As more fully discussed below, The St Paul Companies file this protective proof of claim as an administrative claim and as a secured claim, to the extent that these claims are secured

Before the Debtors’ April 15, 2002 petition date, certain of The St Paul Companies (“St Paul”) issued various necessary bonds on behalf of the Debtors (collectively, the “Bonds”) including but not limited to the Bonds identified on Exhibit 1 attached hereto Copies of the Bonds identified on Exhibit 1 are available to the Debtors upon request The face amount of the Bonds exceeds \$52 million, and they include financial assurance bonds exceeding \$30 million to guarantee closure/postclosure obligations of the Debtors at various of their facilities across the United States, guarantee bonds exceeding \$9 million issued in connection with Exide’s workers’ compensation program (as required by Zurich Insurance Company, Exide’s workers’ compensation insurer), and a bond of \$15 million issued to guarantee obligations of Exide relating to construction of a facility in Uzbekistan (the “Uzbekistan Bond”)

In connection with the issuance of the Bonds, Exide Corporation (“Exide”), on behalf of the Debtors, executed a General Indemnity Agreement in favor of St Paul, dated January 11, 2000 (the “GIA”) A copy of the GIA is available to the Debtors upon request Exide also provided St Paul with a letter of credit in the amount of

\$12,568,379.50 (the "Letter of Credit"), to secure its obligations under the GIA. The Debtors' liability to St. Paul for losses, premiums, expenses, attorneys' fees, costs and any other amounts incurred by reason of having executed the Bonds is secured by the Letter of Credit and any proceeds thereof.

The Letter of Credit was issued by Fleet National Bank, one of Exide's prepetition lenders, and it had an expiration date of September 27, 2002. Prior to the expiration date, St. Paul was notified that Fleet National Bank did not intend to renew the Letter of Credit. The Debtors advised St. Paul that the Letter of Credit would not be replaced, and St. Paul drew down the Letter of Credit on September 26, 2002 and retained the proceeds (the "LOC Proceeds").

St. Paul has suffered losses and incurred expenses on account of the Bonds, and it has applied \$5,061,491.72 of the LOC Proceeds to losses and expenses and is holding in a segregated St. Paul account the remaining \$7,506,887.78.

All of the Bonds are, or will be, due for renewal on an annual basis, and are necessary for the Debtors' continued business operations. The Bonds are financial accommodations under §365(c) of the Bankruptcy Code, and they cannot be assumed by the Debtors. Postpetition use and renewal of the Bonds by the Debtors are extensions of credit pursuant to §364 of the Bankruptcy Code. Pursuant to §363(c) of the Bankruptcy Code, to the extent that postpetition use of the Bonds by the Debtors may be use of property, such use must be conditioned upon providing adequate protection. St. Paul expressly reserves the right to demand adequate protection, terminate the Bonds, and refuse renewal thereof.

Notwithstanding the filing of this Proof of Claim, The St Paul Companies hold claims for payment as administrative expenses on account of the bonding relationship. This Proof of Claim is filed for protective purposes as to such claims for payment of administrative expenses under 11 U S C § 503.

St Paul holds claims against the Debtors through subrogation, including but not limited to subrogation under 11 U S C § 509, other statutory law, state and federal common law and general principles of equity. Such claims through subrogation include but are not limited to those claims held by various governmental units and entities relating to reclamation, clean-up and/or other environmental claims, which claims may be secured by state and federal statutory liens, and/or are entitled to status as administrative claims under 11 U S C § 503.

The St Paul Companies reserve (i) any and all claims, rights and/or remedies they may have, including, but not limited to, claims for indemnification, contribution, rescission, breach of contract, fraud, misrepresentation, specific performance, injunctive relief, reimbursement and/or subrogation, related to or arising from transactions by or among or involving The St Paul Companies, the Debtors and/or any of their respective affiliates, successors, predecessors or assigns, arising as a matter of law or equity, (ii) any rights, claims and/or remedies they may have, including, but not limited to, claims for indemnification, contribution, rescission, breach of contract, fraud, misrepresentation, specific performance, injunctive relief, reimbursement and/or subrogation, related to, arising from or on account of any and all past, present or future litigation in which the Debtors and/or any of their affiliates, successors, predecessors or assigns is or may become a party in interest (whether named or unnamed) and any claims asserted in

connection therewith, and (iii) any and all claims, (a) under applicable law or equity, and/or (b) arising, in connection with and/or related to any and all transactions and/or transfers between or involving The St Paul Companies and the Debtors including, but not limited to, any and all contracts, pledges, security interests, leases, guaranties, indemnities, letters of credit, contributions, fiduciary obligations, trusts, quasi-contracts, properties, replevins, conversions, misrepresentations, set offs or fraud

The St Paul Companies are continuing to investigate the elements of their claims Accordingly, this Proof of Claim is also a protective proof of claim and is filed to protect The St Paul Companies from potential forfeiture of any rights against the Debtors The filing of this Proof of Claim shall not constitute (i) a waiver or release of the rights of The St Paul Companies against the Debtors or any other person or property, (ii) a waiver of The St Paul Companies' rights to contest the jurisdiction of the Bankruptcy Court with respect to the subject matter of the claims set forth herein, any objection or other proceeding commenced with respect thereto or any other proceeding commenced in this case against or otherwise involving The St Paul Companies, or (iii) an election of remedies or choice of law

The St Paul Companies expressly reserve the right to amend and/or supplement this Proof of Claim from time to time for any purpose or reason including, but not limited to, adding additional bonds or amounts, or asserting administrative or secured claims In addition, The St Paul Companies expressly reserve the right to take such actions as may be appropriate to enforce their administrative and secured claims Further, the filing of this proof of claim is without prejudice to St Paul's right to contend that the Debtors' environmental obligations are not "claims" and/or that such obligations may not be

compromised or discharged
