*REVISION

Dear Mr Rawlings,

The above Business Personal Property Verification has been completed According to the review of the accounting records, (results attached), we note the following

NOTE Additional financial information was provided in the appeal and certain adjustments were made to recognize lower fair market values First, a prepaid cigarette stamp tax which was included in inventory for all years under review was identified and deducted from the respective inventories Second, a repairs and maintenance account was excluded from the "supplies-on-hand" calculation when it was determined that this account was dedicated to equipment repairs Lastly, a request was made for a retro-active approval for the freeport exemption for all tax years under review However, by law the request for the freeport exemption must be formally made annually at the time of the personal property filing Since no formal request for the freeport exemption was made for the tax years under review, no consideration can be made in this review for any freeport exemption

- 1 The amount of M & E / F & F taxed did not reconcile with the accounting records reviewed The variance resulted for all tax years under review and was caused by both a minor under reporting of personal property fixed assets and by grouping differences in these same assets It should be noted that for tax year 1998, the Board of Assessors grossly under assessed the personal property assets No penalty was assessed for these tax years under review

Richard Hargett, Chairman
Bruce Gruner
Frank O'Quinn
Larry Arnold, Chief Appraiser

.....

- 2 Inventory was under reported for all years under review These variances were caused by inventory reported net of a calculated freeport exemption when a legal freeport application and filing was not made Accordingly, the calculated freeport exemption is denied in the review and applies to all three tax years under review A penalty was assessed for this under reporting of inventory for all tax years reviewed

- 3 Office and operating supplies had not been reported in any of the years under review The correct amount of supplies to be reported was determined by estimating a one month's "supplies on hand" amount by using the "supplies expensed" accounts from the general ledger trial balance

TAX YEAR	EQUIPMENT	INVENTORY	SUPPLIES	NET	PENALTY
2000	\$34,455	\$2,871,893	\$16,159	\$2,922,508	10%*
1999	\$22,880	\$3,814,280	\$6,960	\$3,844,120	10%*
1998	\$336,015	\$6,013,636	\$7,000	\$6,356,651	10%*

*Penalty on inventory and supplies only

If you have any questions about these changes, you may call me at (229) 896-3665 or Traylor Business Services, Inc at (770) 422-5151

Enclosed you will find a change of value (assessment) notice for each of the above listed tax year(s) These values will become final unless a written appeal is received by our office no later than 21 days from the date of this letter Only a U S Postal Service postmark is acceptable proof of timely filing If an appeal is filed, you will be contacted for a hearing with the Board of Equalization

Yours Very Truly,

Linda Spikes
