

# **EXHIBIT 2**

**Exhibit 2**  
**Specific Agreements Between Fleming And The Plaintiffs**

*Agreements Between Kelley Foods and Fleming.*

1. Kelley Foods owns and operates two grocery stores, a Hills store ("Hills 61") and a Piggly Wiggly ("PW 21"), located in the middle Tennessee area. Kelley Foods entered into a standard FSA with Fleming dated March 15, 2002, which covers Hills 61 and PW 21.

2. Kelley Foods executed a Note in the amount of 267,897.63 for both stores, payable in equal annual installments over 7 years. The Kelley Foods Note was amended as detailed previously to allow for forgiveness of indebtedness by Fleming if Kelley Foods met certain conditions. All of the required payments under the Note have been made.

3. Kelley Foods also executed a security agreement, which presumably was perfected, to secure the payment of the Note and inventory purchases. The security agreement requires, among other things, that Kelley Foods maintain a total inventory in Hills 61 and PW 21 of \$340,000.00, combined.

4. Finally, Kelley Foods executed a License Agreement with Fleming for the right to use the Hills name. The License Agreement also is "cross defaulted" with all other agreements referred to above.

*Agreements Between W. K. Corporation and Fleming.*

5. W. K. Corporation owns and operates two Piggly Wigglys, the Maplewood Piggly Wiggly #51 ("PW 51"), and the Riverside Drive Piggly Wiggly #71 ("PW 71"). W. K. Corporation entered into a standard FSA with Fleming dated March 15, 2002, which covers both stores.

6. W. K. Corporation executed a Note in the amount of \$244,244.00 for both stores, payable in equal annual installments over 7 years. The W. K. Corporation Note was amended as detailed previously to allow for forgiveness of indebtedness by Fleming if certain conditions were met. All required payments under the Note have been made.

7. W. K. Corporation also executed a security agreement, which was presumably perfected, to secure the payment of the Note and inventory purchases. The security agreement requires, among other things, that W. K. Corporation maintain a total inventory in PW 51 and PW 71 of \$288,000, combined.

8. Finally, W. K. Corporation executed a sublease with Fleming for both stores. First, W. K. Corporation entered into a sublease for the PW 51 store dated June 6, 1999 (the "PW51 Sublease").<sup>1</sup> The PW 51 Sublease and PW 71 Sublease have recently been extended five years through May 31, 2008. Second, W. K. Corporation entered into a Sublease for PW 71 dated June 1, 1988 (the "PW 71 Sublease"). W. K. Corporation pays Fleming ten percent over the rent due on the primary leases for the subleases.

*Agreements Between T & K Foods and Fleming.*

9. T & K Foods owns and operates a Hills store, the Franklin Hills #95 ("Hills 95"). T & K Foods entered into a standard FSA with Fleming dated April 19, 1999.

10. T & K Foods executed a security agreement to secure the payment for inventory purchases.

11. In addition, T & K Foods executed a License Agreement with Fleming for the right to use the Hills name. The License Agreement is "cross defaulted" with all

---

<sup>1</sup> The primary lease was originally entered into between THT Realty Company and Malone & Hyde. Fleming, as the successor in interest to Malone & Hyde, is the primary tenant.

other agreements referred to above, particularly the FSA.

12. Finally, T & K Foods executed a lease with H.G. Hill Realty Company for the Hills 95 store dated April 19, 1999. The lease requires that T & K remain in good standing under the FSA with Fleming or T & K could be held in default. Further, T & K executed a Leasehold Deed of Trust in favor of Fleming dated April 19, 1999. The Leasehold Deed of Trust grants Fleming a security interest in the lease that may be foreclosed on by Fleming in the event, among other reasons, of a default by T & K Foods on the FSA.

*Agreements Between L & K Foods and Fleming.*

13. L & K Foods owns and operates a Piggly Wiggly, the Oak Grove Piggly Wiggly #91 ("PW 91"). L & K Foods entered into a standard FSA with Fleming dated March 15, 2002.

14. L & K Foods executed a Note in the amount of 126,126.00, payable in equal annual installments over 7 years. The L & K Foods Note was amended as detailed previously to allow for forgiveness of indebtedness by Fleming under certain conditions. All required payments under the Note have been made.

15. L & K Foods also executed a security agreement, which was presumably perfected, to secure the payment of the Note and inventory purchases. The security agreement requires, among other things, that L & K maintain an inventory of \$165,000.

16. As evidenced by the nature of Agreements between Fleming and the Plaintiffs, Fleming's involvement with the Plaintiffs is more extensive than a typical grocery wholesaler. An extremely significant consequence of the numerous types of agreements entered into between Fleming and the Plaintiff is the extent of the ability of

Fleming to cross default the Plaintiffs.
