Accrued vacation for 2004 that was earned but not compensated for.

Did not find out that accrued vacation was not paid out until after the first deadline had past.

This is how it was explained to us:

38 weeks paid employment for 2003 x 40 hours per week = 1520 hrs; divide by 1733
(Hrs. to get full vacation) = 0.87709% x 25 days vacation per year = 21.92 days
earned in 2003 x \$120.64 (daily pay rate) = \$2645.30 accrued vacation earned for
2004.

Respectively Submitted
