Met-Coil Systems

Chapter 11

Case # 03-12676 (MFW)

Hearing Date Dec 11 03

objection Date Dec 3 03

2003 DEC -2

DISTRICT OF DELAWARE

To Whom It May Concern

" I am very concerned that the Corporation that owns Lockformer in Lisle, Illinois. I am totally against it a Chapter 11 reorganization.

There are a lot of families that are sick because of their dumping and I am sure that all of these families including my own have been affected. The house not always had Chicago Water.

" Also, I applied for a job there as a receptionist and never heard from anyone from Lockformer and I truly believe it was because of the year I graduated high school — "my age". Age is not supposed to be relevant to knowledge and experience.

This is another person that they should not file and be allowed to file a Chapter 11 Bankruptcy.
Thank You!

Sincerely,
Victoria Shark
