Century is responsible for 75%. The JOA calls for each party to reimburse the other when expenses are paid under the JOA and grant a lien to each party for these expenses.

After this case was filed, Lakeside, encouraged by the Debtors, ensured that expenses under the JOA was paid for and that the projects on the JOA ran smoothly. In so doing, Lakeside incurred \$3,554.05 to benefit Century and the Tweety Bird JOA (Summary and Invoices attached as Exhibit C). This included bonus payments, title work, surveying and geologic work. *Id.*
