CASE # 3:09-bk-07047-JAF

FILED  
JACKSONVILLE, FLORIDA

MAY 29 2012

CLERK, U.S. BANKRUPTCY COURT  
MIDDLE DISTRICT OF FLORIDA

I Georgia Christy disagree with the settlement sum of \$54.00. I feel this is not a fair amount. I am only asking for the escrow amount and the bank fees which were charged by U.S. Bank. I was on a fixed income. The check bouncing in my checking account, (the check that TBW sent to me for the escrow amount owed me) caused me added expenses. I had to take money from my monthly bills. This really put a financial hardship on me for a few months and caused me a lot of stress. I think it is fair, they owe me, and should pay me the escrow money (which I paid into, and due me) and the bank fees that accrued. This all could have been prevented if the escrow check hadn't bounced in my checking account. This is why I feel they owe me the full and fair amount of \$400.05
