RE: **Case 12-11019-BHL-11; Doc 293**

Dear Sirs:

I am a named creditor in the above designated bankruptcy case; wherein TWG CAPITAL, INC. is the named Debtor. Since 09/18/2012, I have personally received 316 pages of TWG CAPITAL, INC. bankruptcy documents plus one (broken) CD ROM describing TWG's bankruptcy proceedings in very difficult to understand "legalese". To date, the number of TWG CAPITAL, INC. bankruptcy pages that I have received totals more than the annual United States' Federal Tax Return Instruction Booklet. Hiring a legal professional to decipher the above paperwork on my behalf would cause a financial hardship for me.

The CD ROM version of the "Plan and Disclosure Statement" I received from TWG CAPITAL, INC. on August 6, 2013 arrived broken; I cannot read it.

Please let this letter serve as a request for another of the above-mentioned CD ROM versions of proceedings. Additionally, please let this letter serve as my second formal request for a *minimum* of \$11,725.00 in unpaid commissions that TWG CAPITAL, INC. owes to me per written agreement with M.G.A, Inc. Per this agreement, my renewal commissions have no "end date," and are stated to be paid in perpetuity so long as the policyholder's policy remains in force.

I formally request all commission payments due to me from TWG CAPITAL, INC.
I formally request an unbroken CD ROM of the above mentioned bankruptcy proceedings from TWG CAPITAL, INC.

Thank you,

Susan M. Throssel
