**CONSENT AND AGREEMENT FORM
FOR HOLDERS OF PRIORITY CLAIMS**

Dear Priority Creditor:

According to Teligent’s records or a claim you have filed with the Bankruptcy Court, you may have a priority claim in excess of \$3,000. If you did file a claim, please review your claim prior to completing this Consent Form.

Generally, in a chapter 11 case, the holders of priority claims, such as you, do not have to vote or take any other action and are entitled to be paid allowed amounts in full as a condition to the approval of a plan. **In fact, the relevant section of the Bankruptcy Code, section 1129(a)(9), says that priority claims have to be paid in full (for some priority creditors the payment in full can be deferred over time) for a plan to be approved unless the holder of a priority claim has agreed to a different treatment for such claim.**

In this case, however, as fully explained in the Disclosure Statement approved by the Bankruptcy Court, there are insufficient funds to pay you and the other holders of priority claims in full. Therefore, unless you and the other holders of priority claims agree to a “different treatment” than what is normally contemplated by the Bankruptcy Code, Teligent will have to withdraw the Plan and dismiss or convert the cases to a Chapter 7 liquidation. **If the cases are dismissed or converted to Chapter 7, Teligent, the Official Committee of Unsecured Creditors and the Lenders believe you will in all likelihood receive no recovery on your priority claim.** We therefore urge you to complete the form below and agree to receive less than full payment, which is different than that which is normally provided to a holder of a priority claim under section 1129 of the Bankruptcy Code.

A total of \$4 million (subject to certain adjustments) is the amount available to pay the holders of certain claims, including priority claims, under the Plan. The Plan provides for all such holders, including holders of priority claims, to be paid from the fund and if you agree to the “different treatment” as set forth in the Plan, you will receive your share of this fund to the extent your claim is allowed. At this time, we do not know the exact amount of recovery that you will receive as it will depend on the total amount of all claims entitled to share in the fund. At this time, assuming the Plan is confirmed, we expect that you will likely receive between 5% and 12% of your allowed claim. This recovery is consistent with and may actually exceed the recovery to our lenders, who are owed in excess of \$800,000,000 and have liens on substantially all of Teligent’s assets. The holders of certain very large administrative claims (who will share equally in the same fund as priority creditors) have already been contacted and agreed to such “different treatment” in order to be sure to receive some recovery on account of their claims. For

example, Qwest filed administrative claims totaling approximately \$4.2 million and Qwest has already agreed to accept a payment of \$150,000 in full satisfaction of its claims (a 3.57% recovery). As an alternative, you also have the opportunity below to elect to reduce your priority claim and be paid in full.

If you do not complete and return this Consent Form, Teligent will ask the Court to hold that your failure to complete this Consent Form means you have agreed to the “different treatment” under the Plan.
