ATTORNEYS FOR THE DEBTORS

**IN THE UNITED STATES BANKRUPTCY COURT
FOR THE NORTHERN DISTRICT OF TEXAS
DALLAS DIVISION**

IN RE:	§	
	§	
VARTEC TELECOM, INC., et al.,	§	CASE NO. 04-81694-SAF-11
	§	
DEBTORS.	§	(Chapter 11)
	§	(Jointly Administered)
	§	
	§	Hearing Requested for November
	§	22, 2004, at 9:30 a.m.

**EXPEDITED MOTION TO SUPPLEMENT AND CLARIFY THE ORDER
APPROVING DEBTORS' PROVISION OF ADEQUATE
ASSURANCE OF PAYMENT TO UTILITIES PURSUANT TO 11 U.S.C. § 366**

TO THE HONORABLE UNITED STATES BANKRUPTCY JUDGE:

The above-referenced debtors and debtors in possession (collectively, the "Debtors")¹ file this Expedited Motion to Supplement the Order Approving Debtors' Provision of Adequate Assurance of Payment to Utilities Pursuant to 11 U.S.C. § 366 (the "Motion") and in support thereof the Debtors would show as follows:

¹ The Debtors include VarTec Telecom, Inc., Excel Communications Marketing, Inc., Excel Management Service, Inc., Excel Products, Inc., Excel Telecommunications, Inc., Excel Telecommunications of Virginia, Inc., Excel Teleservices, Inc., Excelcom, Inc., Telco Communications Group, Inc., Telco Network Services, Inc., VarTec Business Trust, VarTec Properties, Inc., VarTec Resource Services, Inc., VarTec Solutions, Inc., VarTec Telecom Holding Company, VarTec Telecom International Holding Company, and VarTec Telecom of Virginia, Inc.

JURISDICTION AND PROCEDURAL BACKGROUND

1. The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 1334 and 157. This Motion concerns the administration of the estate; and therefore, it is a core proceeding pursuant to 28 U.S.C. § 157(b)(2).

2. Venue is proper in this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

3. On November 1, 2004 (the "Petition Date"), the Debtors each filed a voluntary petition for relief (collectively, the "Cases") under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code").

4. Since the Petition Date, the Debtors have continued to operate and manage their businesses as debtors in possession pursuant to Bankruptcy Code §§ 1107(a) and 1108.

5. The Debtors' Cases are jointly administered under Case No. 04-81694-SAF-11.

STATEMENT OF FACTS

VarTec and Its Business

6. VarTec Telecom, Inc., a Texas corporation, ("VarTec") along with its sixteen direct and indirect domestic subsidiaries, each of which is a Debtor, and eighteen non-debtor direct and indirect foreign subsidiaries (collectively, the "VarTec Entities"), is among the largest privately held companies providing telecommunications services in North America and Europe. The VarTec Entities, founded in DeSoto, Texas in February 1989, with current employees totaling over 1,300 worldwide (including approximately 1,000 in the Dallas metroplex), sell a full range of telecommunication products and services to customers. In 2003, the VarTec Entities had revenues of

approximately \$1,260,000,000, and anticipate 2004 revenue in the approximate amount of \$900,000,000. VarTec's revenues have been derived primarily from three sale distribution channels: (a) Direct Marketing; (b) Commercial Services; and (c) Multi-Level Marketing.

7. The Direct Marketing channel, managed by VarTec and certain of its subsidiaries offers telecommunications services to small business and residential consumers, including local and long distance telephone services, wireless telephone services, and internet access. VarTec pioneered the "10-10 dial-around" long distance market by offering customers the opportunity to access VarTec's discounted long distance services on a call-by-call basis by dialing "10-10" then a three-digit unique carrier access code. Under the "dial-around" model, a customer's long distance usage is billed on her local phone service provider's invoice, the local phone service provider collects the billed amounts, and the local phone service provider remits those collected amounts to VarTec.

8. While experiencing tremendous success with the "dial-around" model, VarTec began to offer other telecommunication services, including local and traditional long distance telephone services, wireless telephone service, and internet access, directly to small business and residential customers. VarTec is licensed to provide local and long distance telephone services in all fifty states, and markets its products and services through, among other means, direct mail and magazine insert campaigns composed of several hundred million items to persons in a targeted market each year. VarTec also uses outbound telemarketing for targeted campaigns to attract new

customers of existing products and to offer new and/or additional products to existing customers.

9. The Commercial Services channel, managed by VarTec Solutions, Inc. (formerly known as eMeritus Communications, Inc.) and certain of its subsidiaries (collectively, “VarTec Solutions”), provides customized voice, data, and internet services to commercial and wholesale carrier customers throughout the U.S. VarTec Solutions’ voice product offerings include switched and dedicated access, domestic and international toll-free service, calling cards, audio conferencing, and other specialized products. In addition, VarTec Solutions offers high-capacity data services that provide access to frame relay and IP networks. For carrier customers, VarTec Solutions offers the ability to co-locate their equipment inside carrier-class facilities, saving the cost and complications involved with building their own facilities.

10. Through the Multi-Level Marketing channel, which is managed by Excelcom, Inc. and certain of its subsidiaries (collectively, “Excel”), Excel offers telecommunications products and services to small business and residential consumers similar to those offered by VarTec to its customers. Excel, which was acquired by VarTec in 2002, has an international network of over 130,000 independent representatives who market Excel’s products and services to small business and residential consumers and recruit new independent representatives to market such products and services. Each independent representative receives commissions and bonuses based on, among other things, the success of the independent representatives recruited and a portion of the success of their recruits (referred to as a “downline”), the usage of Excel products and services by customers of the independent representative

and a portion of their downline. On November 1, 2004, the Debtors filed their motion to reject agreements with these independent representatives. The hearing on that motion has been set for November 22, 2004.

Secured Debt

11. VarTec is a borrower and the other Debtors (except VarTec Telecom of Virginia, Inc. and Excel Telecommunications of Virginia, Inc.) are guarantors under that certain First Amended and Restated Credit Agreement with the Rural Telephone Finance Cooperative (the "RTFC"), pursuant to which the existing secured indebtedness owing to the RTFC was restructured in the form of a secured term loan and a secured line of credit to the Debtor.² The secured line of credit is in the form of a revolving credit facility, for the working capital, credit, and liquidity needed by the Debtor to conduct general business operations. As of the Petition Date, the total outstanding obligation to the RTFC consist of (a) a term loan of approximately \$154,000,000 and (b) a revolving line of credit with a total commitment of \$70,000,000.

The Industry

12. Prior to 1996, local telecommunications services were provided exclusively by traditional, monopoly providers, or incumbent local exchange carriers (the "ILECs"). Pursuant to the Telecommunications Act of 1996 (the "Telecommunications Act"), which was enacted to promote competition in the local telecommunications industry, ILECs were required to provide competitors, such as the Debtors, access to their networks to allow those competitive local exchange carriers (the "CLECs") to offer

² The capital stock of VarTec Telecom of Virginia, Inc. and Excel Telecommunications of Virginia, Inc. was pledged to the Rural Telephone Finance Cooperative under transactions completed in conjunction with the Credit Agreement.

local telecommunications services. The terms, conditions, and prices charged by ILECs to CLECs are provided in agreements – referenced as interconnection agreements – governed by rules and regulations promulgated by the FCC and various state agencies or public utility commissions. As consideration for relinquishing their monopoly positions, the ILECs were authorized to offer long distance telecommunications services, both out-of-region and in-region (where they were an ILEC) provided certain terms and conditions were satisfied.

13. ILECs, CLECs, and long distance carriers utilize each other's networks to transmit the voice and data traffic of their customers. The framework and pricing of the exchange of voice and data traffic between ILECs and CLECs, on the one hand, and long distance carriers, on the other hand, is governed by multiple laws, regulations, tariffs, and interconnection agreements. For example, if an ILEC or a CLEC's customer originates a call that is carried to its destination by one of the Debtors, the respective Debtor will bill the CLEC or ILEC on a minute of use basis; if a customer of one of the Debtors originates a call that is carried to its destination by an ILEC or a CLEC, the ILEC or CLEC will bill the respective Debtor on a minute of use basis. This is known as reciprocated or intercarrier compensation.³

14. To effectuate the billing, collection, and maintenance of account information, the Debtors often entered into agreements with various ILEC and CLEC, under which such ILEC or CLEC bills customers for the services provided by the

³ A long distance carrier can also be an ILEC or a CLEC.

Debtors, collects the billed amount for the Debtors, and pays or remits to the Debtors the collected amounts periodically.

15. The deregulation of local and long distance telecommunication services pursuant to the Telecommunications Act resulted in increased competition and decreased local and long distance rates. Despite successfully competing in the telecommunications industry for almost fifteen years, (i) VarTec's lack of brand name recognition comparable to some of its competitors in the more intensively competitive telecommunications market, (ii) customer attrition exacerbated by aggressive customer win-back campaigns by the dominant telco providers, and (iii) the margin compromises caused by increasing wholesale rates while retail rates are suffering, have all made it difficult for VarTec to maintain its historical revenue and profitability levels.

Challenges

16. In the weeks preceding the Petition Date, several ILECs, CLECs, and long distance carriers with whom the Debtors have interconnection or access agreements have (i) threatened to terminate services provided to the Debtors, (ii) requested security deposits, and/or (iii) offset amounts owed to the Debtors. The actions of the ILECs, CLECs, and long distance carriers have impaired the Debtors' liquidity.

17. In addition to the matters discussed above, because of various disputes⁴ with Teleglobe Inc. ("Teleglobe") regarding VarTec's acquisition of certain of the companies now associated with Excel and VarTec Solutions (the "Acquired Companies"), VarTec has had to spend millions of dollars in the past several years

⁴ Such disputes have spawned considerable litigation, including an arbitration between VarTec and Teleglobe's bankruptcy estate.

supporting the Excel companies (for which it had anticipated reimbursement), which has financially weakened the Debtors.

18. The combination of these economic and financial events has impaired the Debtors' liquidity and compelled the Debtors to commence these Cases in order to maximize the value of their assets for the benefit of their creditors and other constituencies under chapter 11 of the Bankruptcy Code.

The Utility Order

19. On November 1, 2004, the Debtors filed their Expedited Motion to Approve Debtors' Provision of Adequate Assurance of Payment to Utilities Pursuant to 11 U.S.C. § 366 [Docket No. 15] (the "Utility Motion").⁵ In the Utility Motion, the Debtors sought, among other things, to implement a process to resolve demands for adequate assurance of payment by Utility Companies.

20. On November 4, 2004, the Court entered its Order Approving Debtors' Provision of Adequate Assurance of Payment to Utilities pursuant to 11 U.S.C. § 366 [Docket No. 98] (the "Utility Order"). Pursuant to the Utility Order, the Court authorized the Debtors to provide adequate assurance of payment to Utility Companies by utilizing a variety of methods, including, paying for all bona fide and undisputed Utility Services when reasonably due, granting an administrative expense priority to Utility Companies for unpaid and undisputed postpetition Utility Services, or providing other forms of adequate assurance of payment. Pursuant to the Utility Order, after the Debtors furnish their proposed adequate assurance of payment to the Utility Companies, any Utility

⁵ Capitalized terms not defined herein shall have the meaning given to them in the Utility Motion.

Company may request additional adequate assurance. *Utility Order* at 3. The Utility Order provides,

ORDERED that this Order is without prejudice to each Utility Company's right to request, within 20 days after the date of the entry of this Order, additional adequate assurance of payment in the form of deposits or other security; provided however, any such request must be made in writing and received by counsel for the Debtors, Vinson & Elkins L.L.P., Attn: Daniel C. Stewart, 3700 Trammell Crow Center, 2001 Ross Avenue, Dallas, Texas, 75201-2975. It is further

ORDERED that the failure of any Utility Company to make a timely request for additional adequate assurance as provided herein shall cause such Utility Company to be deemed to have adequate assurance of payment for post-petition Utility Services

Utility Order at 3. Thus, the Utility Order provides an orderly process by which the Debtors may furnish adequate assurance of payment to Utility Companies and channel requests for additional adequate assurance of payment. *Utility Order* at 3-4. An important aspect of the Utility Order is that a Utility Company, which has requested additional adequate assurance of payment, is deemed to have adequate assurance of payment until its request for additional relief is resolved by the Court. *Utility Order* at 4.

21. At the request of certain of the Debtors' local and long distance carriers, the Court included the following reservation of rights in the Utility Order (the "Reservation"): "[T]his order is without prejudice to any entity asserting the entity is a Utility within the meaning of Section 366 and seeking relief." *Utility Order* at 4; Transcript of Hearing on November 4, 2004 at 23-25. A list of all known carriers is attached hereto as **Exhibit A**, including, but not limited to all carriers asserting utility status (the "Carriers").

The Carriers

22. In the ordinary course of their businesses and pursuant to various agreements and government tariffs, the Carriers supply certain telecommunication services to the Debtors. The Debtors utilize these services to provide telecommunication services to the Debtors' customers and not for their own consumption. As such, the Debtors believe that the Carriers are not utilities pursuant to Bankruptcy Code § 366. However, the Debtors are concerned that, without making a demand on the Debtors, the Carriers could take the position that (i) they are utilities pursuant to Bankruptcy Code § 366; (ii) they are entitled to adequate assurance of payment pursuant to Bankruptcy Code § 366; and (iii) because the Debtors did not provide them adequate assurance of payment on or before November 22, 2004, they are entitled to alter, refuse, or discontinue the services that they provide to the Debtors.⁶ While the Debtors would contest such a position, the results of such acts could be catastrophic to the estates.

RELIEF REQUESTED

23. The Debtors seek the entry of an Order similar to the Utility Order.⁷ Specifically, the Debtors seek the entry of an Order pursuant to Bankruptcy Code § 366 (a) requiring Carriers that assert they are utilities pursuant to Bankruptcy Code § 366 to demand adequate assurance of payment within twenty days of the entry of the Order

⁶ The Debtors have received a notice of intent to terminate service from at least one carrier and have been negotiating with several of the Carriers to resolve their adequate assurance issues, and those Carriers have agreed not to alter, refuse, or discontinue services they provide to the Debtors pending the negotiations.

⁷ The Utility Order can be viewed to cover entities which utility status; however, out of an abundance of caution given the potential harm to the estates if an entity was to terminate necessary services, the Debtors seek the relief requested herein.

and (b) establishing a procedure for the resolution of the Carriers' demands for adequate assurance of payment. This is a fair and equitable manner to deal with any assertion of utility status.

24. Although the Debtors believe that (i) the Carriers are not utilities, (ii) if the Carriers are utilities, the Utility Order applies to them, and (iii) the Carriers must perform under their agreements, the requested relief is necessary in light of the negative consequences of the altering, refusing, or discontinuing of services provided by the Carriers. The Debtors have sought to negotiate resolutions of the adequate assurance issue with several of their Carriers. However, the Debtors have relationships with over 1,000 Carriers and separate negotiations with each of the Carriers prior to November 22, 2004 would be impracticable.

PRAYER

The Debtors respectfully request that the Court enter an Order substantially similar to that attached hereto as **Exhibit B** to provide adequate assurance to the Carriers, and grant the Debtors such other and further relief to which they may be justly entitled.

Dated: November 16, 2004

Respectfully submitted,

FORM OF ORDER

**UNITED STATES BANKRUPTCY COURT
FOR THE NORTHERN DISTRICT OF TEXAS
DALLAS DIVISION**

IN RE:	§	
	§	
VARTEC TELECOM, INC., <i>et al.</i> ,	§	CASE NO. 04-81694-SAF-11
	§	
DEBTORS.	§	(Chapter 11)
	§	(Jointly Administered)

**ORDER APPROVING DEBTORS' PROVISION OF
ADEQUATE ASSURANCE OF PAYMENT TO
UTILITIES PURSUANT TO 11 U.S.C. § 366 (CARRIERS)**

On November 22, 2004, the Court considered the Expedited Motion to Supplement the Order Approving Debtors' Provision of Adequate Assurance of Payment to Utilities Pursuant to 11 U.S.C. § 366 [Docket No. ____] (the "Motion")¹ filed by the above-referenced debtors (the "Debtors"). The Court finds that the relief requested in the Motion is in the best interest of the Debtors' estates and creditors. The Court further finds that, under the circumstances, adequate notice of this Motion has been given and no other notice needs to be given. Accordingly it is

¹ Capitalized terms not defined herein shall have the meaning given to them in the Motion.

ORDERED that the Motion is **GRANTED** and adequate assurance is provided as set forth herein. It is further

ORDERED that the Debtors are authorized to commit any acts and take any actions consistent with the relief granted herein. It is further

ORDERED that if the Carriers, including, but not limited to, those listed on Exhibit A to the Motion, assert that they are utilities, they must demand treatment as a utility in writing (the "Demand"), such that the Demand is received by the Debtors' Counsel at Vinson & Elkins L.L.P., Attn: Daniel C. Stewart, 3700 Trammell Crow Center, Dallas, Texas, 75201-2975, within 20 days of the entry of this Order. It is further

ORDERED that if the Carriers make a timely Demand, adequate assurance of payment may be provided by the Debtors' payment of any bona fide and undisputed post-petition services provided by the Carriers (the "Carrier Services") when reasonably due, and the Debtors are hereby authorized to make such payments. It is further

ORDERED that such adequate assurance of payment may be further provided by the granting of administrative expense priority in accordance with 11 U.S.C. §§ 503(b) and 507(a)(1) for any unpaid and undisputed postpetition services provided by the Carriers. It is further

ORDERED that except as provided below, the Carriers shall be, and hereby are forbidden from altering, refusing, or discontinuing service to or discriminating against the Debtors, or requiring payment of a deposit or other security in connection with the Carrier Services. Nothing in this Order prohibits the Carriers from complying with state and federal safety or maintenance regulations that may result in permanent or temporary alteration or discontinuance of service. It is further

ORDERED that this Order is without prejudice to each Carrier's right to request, within 20 days after the date of the Demand, additional adequate assurance of payment in the form of deposits or other security; provided however, any such request must be made in writing and received by counsel for the Debtors, Vinson & Elkins L.L.P., Attn: Daniel C. Stewart, 3700 Trammell Crow Center, 2001 Ross Avenue, Dallas, Texas, 75201-2975. It is further

ORDERED that the failure of any Carrier to make a timely request for additional adequate assurance as provided herein shall cause such Carrier to be deemed to have adequate assurance of payment for post-petition Carrier Services. It is further

ORDERED that to the extent that (i) the Debtors believe that a Carrier's timely request for additional adequate assurance is unreasonable; and (ii) the Debtors and such Carrier are unable to resolve the request for additional adequate assurance, such Carrier shall file a motion for determination of adequate assurance of payment (the "Adequate Assurance Motion") and set such motion for hearing (the "Adequate Assurance Hearing"). It is further

ORDERED that if a Carrier files an Adequate Assurance Motion, such Carrier shall be deemed to have adequate assurance of payment until an Order finally resolving the Adequate Assurance Motion is entered. It is further

ORDERED that nothing herein shall be deemed to affect any burden of proof that either the Debtors or the Carrier may have at the Adequate Assurance Hearing. It is further

ORDERED that the Debtors reserve their right to contest the characterization of Carriers as utilities pursuant to Bankruptcy Code § 366.

END OF ORDER

After entry, return copy to:
